Naveen KA

Kalappanaickenpatti(post), Namakkal(DT), Tamil Nadu-637404 | 91+9786898867 | naveenka106073@gmail.com

SUMMARY

Motivated ECE student with knowledge of electronics, electrical systems, digital electronics and communication systems. Quick learner with good problem-solving and teamwork skills, seeking an opportunity to grow and contribute to the organization.

EXPERIENCE

Internship - Web Development

Mahiltech Academy, Knpatti, Namakkal

JUNE 2025

- Learned to design responsive web pages using HTML, CSS, and JavaScript.
- Gained experience in building dynamic web applications.
- Tools used : VS code

PROJECTS

Silent Alert System using Django & Socket Programming

- Developed a real-time silent alert system using Django and socket programming to enable instant communication without audible alarms.
- Implemented secure server-client connections to transmit alerts instantly, improving response time in emergency situations.
- Tools used : Python, Django, postgreSQL, HTML

Gas Leakage Detection System with Multi-Level Alert Indication

- Developed an Arduino and MQ-2 sensor system to monitor and classify real-time gas leakage levels.
- Engineered automated threshold logic to instantly determine severity-based safety protocols.
- Tools used : MQ Gas Sensor, Arduino Uno, LED Indicators, Buzzer, Arduino IDE.

EDUCATION

BE-Electronics and Communication Engineering

Kongunadu College of Engineering & Technology

2023 — 2027

CGPA 6.48

HSC

Kamarajar Matric Higher Secondary School

2022 — 2023

Score: 62.5%

SSLC

Kamarajar Matric Higher Secondary School

2020 — 2021

Score: PASS

CERTIFICATIONS

PLC Training - Offline training

Embedded Systems with AI - Offline training

SKILLS

HTML

CSS

Basic Electronics

Python

Basic Electrical

Adaptability

Communication Skills

Time Management
