SKILL

- JAVA
- Full stack developer
- Internet of Things (IoT)
- Problem solving

COURSES & CERTIFICATIONS

- Java Programming – Yellowmatics Certification
- NPTEL Certification – Introduction to Industry 4.0 & IoT
- Embedded Systems & IoT Certification – Taras Systems and Solutions

AREA OF INTREST

- Software Development
- Internet of Things
- Embedded System

LANGUAGES

- Tamil
- English
- Hindi

CAREER OBJECTIVE

Electronics and Communication Engineering student seeking an internship to apply programming skills and technical knowledge in real-world projects. Passionate about software development, web technologies and IoT with a strong interest in learning and contributing to innovative solutions.

EDUCATION

B.E ECE | Kongunadu College of Engineering and Technology
2023 - 2027 – 7.92 CGPA

HSC | Sowdambikaa matriculation higher secondary school
2022-2023 - 76%

SSLC | Sowdambikaa matriculation higher secondary school
2021-2022

PROJECTS

WILDLAND FIRE MONITORING SYSTEM USING LoRa TECHNOLOGY

- Developed a LoRa-based wildland fire monitoring system for early detection of forest fire hazards.
- Monitored temperature, humidity and smoke levels for real-time fire risk detection.
- Tools Used: LoRa Module | ESP32 | Smoke Sensor | Temperature & Humidity Sensor | Arduino IDE

GAS LEAKAGE DETECTION SYSTEM WITH MULTI-LEVEL ALERT INDICATION

- Developed a gas leakage detection system to detect hazardous gas leaks and improve safety.
- Integrated multi-level alerts using LEDs and buzzer based on gas concentration.
- Tools Used: MQ Gas Sensor | Arduino Uno | LED Indicators | Buzzer | Arduino IDE

INTERNSHIP

Nitroware technologies,Web development - 2025

- Developed responsive web pages using HTML, CSS, and Java, ensuring user-friendly and interactive designs.
- Built dynamic web applications with frontend and backend development.
- Tools : HTML | CSS | Java | JavaScript | VS Code

ACHIEVEMENTS

FIRST PRIZE - PROJECT PRESENTATION

- PROJECT : Automatic Street Light Control using LDR

SECOND PRIZE - PROJECT EXPO

- PROJECT : Automatic and manual landmine detector
