CAREER OBJECTIVE

Full-Stack Developer with practical project experience in designing and developing full-stack web applications. Experienced in building responsive, user-focused solutions using modern technologies and transforming ideas into functional applications. Passionate about continuous learning, problem-solving, and creating applications that deliver a seamless user experience.

EXPERIENCE

Web Development Trainee - *Imagecon Academy*

08/2024 - 09/2024

- Gained hands-on experience in **web development** by working on real-time projects using modern technologies.
- Improved **UI structure** and **layout design** for better **readability, accessibility, and user experience** across different devices.
- Applied **HTML, CSS and JavaScript** to build interactive, user-friendly, and responsive web applications.

Java Development - *Oasis InfoByte*

12/2025 - 01/2026

- Developed console-based Java applications (**Online Reservation System, Library Management System, ATM System**) using **Core Java and OOPs principles**.
- Implemented features like user **authentication, data handling and transaction processing** to ensure efficient and reliable program execution.

PROJECTS

Virtual Classroom System - *Full Stack Developer*

01/2026 - 05/2026

- Developed a **AI-powered Virtual Classroom System** for video-based learning, student engagement, and interactive online education.
- Built features like **JWT Authentication**, **Role-Based Dashboards**, and **AI-Powered** Sentiment Analysis for student **feedback** insights.
- Worked as a **MERN Stack Developer**, handling **REST APIs**, **MongoDB** Database Design, **React** Frontend Development, and **Authentication** & Analytics Features.

Fin-Quest - *UI/UX Designer*

01/2025 - 04/2025

- Built a **gamified finance learning platform** that teaches budgeting, saving, and investing through interactive games, real-world simulations, AI-guided learning paths, and social challenges.
- Contributed to **UI/UX design** and **Frontend development** to create an engaging and user-friendly learning experience.

COURSES & CERTIFICATIONS

- **Advanced Java** - GeeksforGeeks
- **Git & GitHub** - Udemy
- **Ethical Hacking** - NPTEL (Elite Score: 60%)
- **UI/UX Design** - Great Learning

EDUCATION

B.E. - COMPUTER SCIENCE AND ENGINEERING

Knowledge Institute of Technology

09/2023 - 05/2027* **CGPA: 8.48** [Up to 6th Sem]

HSC - MATHS COMPUTER SCIENCE

Sri Venkateswara Matriculation Higher Secondary School

06/2022 - 04/2023 **Percentage: 96.33%**

ACHIEVEMENTS

- Secured **3rd place** in a **logo redesign competition** at Sona College of Technology (2025).
- **MSME Hackathon 2025 Finalist** for a project on lifecycle assessment of reusable packaging for sustainable logistics **(SDG 9, 12, 13).**
- Reached the **final round** in **ICT Academy Hackathon 2025** as **Team Leader** by designing a waste management system using **Open Weaver.**
- **Presented a paper** on Nanotechnology in Medicine at Kongu Engineering College & Sona College of Technology (2024).

TECHNICAL SKILLS

- **Programming Languages** : Java
- **Frontend Technologies** : HTML5, CSS3, React JS, Tailwind CSS
- **Backend Technologies** : Node.js, Express.js
- **Tools & Platforms** : Git, GitHub, Figma, Canva, Ubuntu Linux, Postman

SOFT SKILLS

- Adaptability
- Problem Solving
- Leadership
- Team Collaboration

EXTRACURRICULAR ACTIVITIES

- **Code-a-thon Coordinator (2025) :** Led planning, execution, and participant engagement.
- **Hackathon Participant (2025)** : Contributed to team-based project development at M. Kumarasamy College of Engineering.
- Conducted sessions for juniors on **LinkedIn profile building** and **UI/UX design principles.**
