EDUCATION

- **B.Tech Information Technology**
  Mahendra College of Engineering
  2023 - 2027 | 7.58 CGPA
- **HSC**
  Ammapet Boys HSS, Salem — 78.8%
  2022 - 2023
- **SSLC**
  K.N.Colony High School, Salem — Passed
  2020 - 2021

SKILLS

- Languages: Java, Python
- Web Technologies: HTML, CSS, JavaScript
- Soft Skills: Good communication, Fast learner
- Database: MySQL, PostgreSQL
- Developer Tools: Git, GitHub, VS Code

CERTIFICATIONS

- **Deep Learning**
  Industry-Based Internship, July 2025
- **Full Stack Development**
  Odungaa Tech Workshop, August 2025
- **Infosys AI Certificate**
- **Claude Co-Work Certificate**
- **Claude 101 Certificate**

OBJECTIVE

Motivated Information Technology student with a strong interest in software development, web technologies, and emerging technologies. Possess basic knowledge of programming, databases, and problem-solving skills. Eager to learn new technologies, gain practical experience, and contribute effectively in a professional IT environment.

PROJECTS

Snake Game HTML, CSS, JavaScript
- Developed a browser-based Snake Game using HTML, CSS, and JavaScript with smooth keyboard controls and responsive gameplay.
- Implemented core game mechanics including snake movement, food generation, score tracking, and collision detection.
- Applied JavaScript event handling and game loop logic with a clean, modular code structure.

2D Car Racing Game HTML, CSS, JavaScript
- Designed and developed a browser-based 2D Car Racing Game using HTML, CSS, and JavaScript with smooth keyboard-based controls.
- Implemented core gameplay features including player movement, enemy vehicle generation, collision detection, score tracking, and increasing difficulty.
- Used the HTML5 Canvas API and JavaScript game loop, applying object oriented programming and modular code for maintainability.

Personal Portfolio Website HTML, CSS, JavaScript
- Developed a responsive personal portfolio website to showcase my skills, projects, education, and professional profile.
- Designed a clean and user-friendly interface using HTML, CSS, and JavaScript.
- Organized the website into structured sections with responsive layouts for different screen sizes.
- Implemented interactive elements and optimized the overall user experience.

Library Management System Java, JDBC, PostgreSQL, Servlets, Maven
- Built a role-based library management system with separate Student and Librarian functionalities.
- Implemented authentication, book search, add/delete, request, issue, return, and book listing operations.

ACHIEVEMENTS

- Won 1st Prize in Paper Presentation at a national-level symposium, KGiSL Institute of Technology, Coimbatore.
- Won 2nd Prize in Non-Technical event at a national-level symposium, Dhirajlal Gandhi College of Technology, Salem.

WORKSHOPS & INTERNSHIP

Industry-Based Internship | Deep Learning *July 2025*
- Completed an industry-based internship in Deep Learning.
- Learned fundamentals of Artificial Intelligence and Neural Networks.
- Gained hands-on experience with deep learning frameworks.
- Applied Deep Learning concepts to real-world datasets.

Workshop | Odungaa Tech *August 2025*
- Attended a workshop on Full Stack Development and IoT.
- Learned front-end and back-end development basics.
- Gained knowledge of IoT devices and sensors.
- Explored web application development concepts.

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
