PROFESSIONAL SUMMARY

Passionate and self-driven **Full-Stack & App Development** with experience in building scalable web and mobile applications using modern technologies. Skilled in product development, problem-solving, and creating innovative digital solutions with a strong focus on user experience and performance. Strong interest in software engineering, emerging technologies, and building impactful products. Actively involved in technology communities and startup ecosystems, with a continuous passion for innovation, learning, and personal growth. Currently pursuing a B.E. in Computer Science and Engineering, graduating in 2027.

PROFESSIONAL EXPERIENCE

Reel2Cart Technologies (Academic Startup) | *Team Leader* 2025 – Present

Namakkal, Tamil Nadu, India

- Conceived, architected, and **leading** end-to-end development of a **social e-commerce platform** that transforms short-form video engagement into frictionless shopping experiences.
- Completed the **TACTOS 2-Day Investment Readiness Cohort at CapeStart India**; pitched business model, unit economics, and scaling roadmap directly to venture capitalists and angel investors.
- Invited to pitch at **Teen Pitch It Up – Pitchathon Event organized by AIC RAISE (Rathinam Grand Fest 2026)**; received validation from industry mentors and startup founders.
- Conducted user opinion surveys and data-driven market research to prioritize product features based on buyer psychology and demand signals.

Coursevita (SkillVita) | *Mobile App Developer & Team Leader* Jul 2025 – Dec 2025

Hyderabad | Remote Internship

- Led a 10-member cross-functional engineering team in building **ShopFlix**, a multilingual video shopping mobile application and Node.js.
- Strengthened skills in mobile application development, team coordination, agile project management, and scalable product delivery.

NoviTech R&D Private Limited | *Full Stack Developer Intern* May 2024 – Jun 2024

Coimbatore | Remote Internship

- Developed and optimized **full stack web applications** using modern frontend and backend technologies.
- Gained practical experience in front-end/back-end integration, deployment workflows, and real-world software engineering processes.

SKILLS

WORK

- Full-Stack Development —
- Product Development —
- REST API Development —
- App Development —
- Startup Leadership —

SOFTWARE

- React.js —
- Node.js —
- Database —
- Flutter —
- Git & GitHub —

PERSONAL

- Leadership —
- Product Development —
- Public Speaking —
- Problem Solving —
- Adaptability —

INTERESTS

- Editorials —
- Entrepreneurship —
- Product Innovation —
- Networking —
- Travelling —

EDUCATION

Mahendra Institute of Technology, Namakkal 2023 - 2027

Bachelor of Engineering (B.E.) in Computer Science and Engineering (7.25 CGPA)

JKKN Matric Higher Secondary School, Namakkal 2022 - 2023

HSC (12th Grade) – Mathematics and Computer Science (60.5%)

HACKATHONS & PROJECTS

FIXORA, AI-Powered On-Demand Mechanic & Home Service Platform | *Team Leader, App Developer* 2026 - Present

Final Year Project | Mahendra Institute of Technology, Namakkal

- **Developing a cross-platform AI-powered service platform** connecting users with verified vehicle mechanics and home service professionals through a unified mobile application.
- **Leading the development of customer, service-provider, and admin applications** with AI-driven technician matching, ETA prediction, live GPS tracking, secure payments, predictive maintenance, fraud detection, and AI chatbot assistance.

Reel2Cart, AI-Powered Reel Native E-Commerce Platform | *Team Leader, App Developer* 2025 - Present

Reel2Cart Technologies | Namakkal

- **Founded** and **developed an AI-powered social commerce platform** transforming social media reels into interactive shoppable experiences.
- Managing cross-functional teams across product development, branding, marketing, and strategic partnerships to scale the **startup ecosystem**.

Road Safety AR Gamification System | *Team Leader* Feb 2025

National Level Road Safety Hackathon – UYIR Initiative | Sri Krishna College of Engineering Technology, Coimbatore

- Selected as **National Finalist** under the Coimbatore Road Safety Model City Project.
- Architected a **gamified Augmented Reality (AR) system** simulating real-world traffic rules to educate younger demographics through immersive interaction.

SafeSentinel – Hack For Impact 2025 | *Team Leader* Mar 2025

E-Summit 2025 | IIIT Delhi

- Led team **'Furiouz Code'** to secure a spot in the National Finals at **IIIT Delhi**, competing against hundreds of teams nationwide.
- Developed a rapid prototype addressing structural community safety deficits using blackbox technology for road vehicles.

AI-Driven Interactive Prototype | *Full Stack Developer* Oct 2025

24-Hour AI-Terahack'25 Hackathon | Mahendra Engineering College

- Engineered and deployed an AI-centric prototype application from scratch within a 24-hour hackathon environment.

ACHIEVEMENTS & CERTIFICATIONS

- 1st Prize – IDEATHON 2026, Mahendra Institute of Technology (Department of CSE): **First public pitch and validation** of Reel2Cart Technologies.
- 1st Prize – Intra-Institutional Business Plan Competition, awarded by the Institution's Innovation Council (IIC) for go-to-market strategy and technology execution.
- National Finalist – UYIR Road Safety Hackathon 2025, Coimbatore.
- National Finalist – Hack For Impact 2025, IIIT Delhi.
- **Investment Readiness Certification** – TACTOS Executive Startup Cohort (CapeStart India, Corporate Finance & Valuation): **Second public validation** of Reel2Cart Technologies.
- Certified for pitching the startup vision and business model of Reel2Cart Technologies at the *Teen Pitch It Up – Pitchathon 2026* organized by AIC RAISE during RGF 2026.): **Third public validation** of Reel2Cart Technologies.
- **Full Stack Development** Course Completion Certificate – NoviTech R&D.
- Paper Published – Smart Living: Integrating IoT for Home Automation – Mahendra Institution.
- Soft Skills and Personality Development Certificate – **NPTEL Course**.
