SKILLS

- Java
- IoT

AREA OF INTEREST

- Software development
- Java programming

CERTIFICATIONS

- Internet of things - 68%
- Introduction to Industry 4.0, and Industrial Internet of things - 71%

LANGUAGES

- Tamil
- English

WORKSHOPS ATTENDED

- Attended workshops on Electronics and Communication Engineering, Real Seted by various electrioning colleges.

OBJECTIVE

To learn and gain strong knowledge in software development using Java and IoT, enhance my skills and contribute to innovative projects while growing professionally.

EDUCATION

Kongunadu College of Engineering and Technology (Autonomous) 2023 - 2027
B.E - Electronics and Communication Engineering
CGPA: 8.2

Sowdambikaa Higher Secondary School 2023
HSC
Percentage: 80%

Sowdambikaa Higher Secondary School 2021
SSLC
Percentage: 100%

PROJECTS

- **Automatic Speed Regulation System Using Embedded Technology**
  - Designed a system to control vehicle speed automatically in restricted sones.
  - Used embedded technology to improve road safety.
- **Smart Cold Chain Medicine and Organ Spoilage Prevention System**
  - Developed an IoT-based monitoring system for medicines and organs.
  - Helps prevent spoilage through real-time monitoring.

INTERNSHIP DETAILS

- Learned the core basics and fundamental concepts of Java programming.
- Successfully developed a practical project focused on controlling an LED light to blink using programming logic.

SEMINAR / PPT PRESENTATION

- Presented project on Knowledge Initiative of Technology.
- Participated in PPT presentation about the Dhanalakshmi College of Engineering and Technology.
