Nithish Kumar V

Aspiring Front-End Software Engineer

Salem, Tamil Nadu | 9894958127 | nithu2005nk@gmail.com | linkedin.com/in/nithish-kumar-796a902a3

CAREER OBJECTIVE

Motivated and detail-oriented B.Tech Information Technology student seeking an entry-level Front-End Software Engineer role. Eager to apply strong problem-solving skills and a growing foundation in web technologies to build clean, functional, and user-friendly interfaces while continuing to learn from an experienced engineering team.

EDUCATION

Bachelor of Technology (B.Tech) — Information Technology
2023 – 2027 (Expected)
CGPA: 7.6

TECHNICAL & PROFESSIONAL SKILLS

Programming & Web: Java, HTML, CSS, JavaScript
Soft Skills: Frontend Developer, Communication Skills, Problem Solving

PROJECTS

Civic Issue Reporting Application
Academic Project

- Designed a software application that allows citizens to report local civic issues such as non-functional streetlights and damaged roads to concerned authorities.
- Built core interface components using HTML, CSS, and JavaScript, with Java handling underlying logic for issue submission and tracking.
- Focused on a simple, user-friendly design so residents can quickly report problems and follow their resolution status.

CERTIFICATIONS

- Introduction to Machine Learning Concepts — Microsoft
- Embrace Responsible AI Principles and Practices — Microsoft
- SkillsBuild Orientation — Edunet Foundation / IBM SkillsBuild
- Communicating with Impact — IBM

ADDITIONAL INFORMATION

- Currently a fresher with no prior work experience; actively seeking an internship or entry-level opportunity to begin a career in front-end software engineering.
- Open to relocation and available to start immediately.
