CAREER OBJECTIVE

Aspiring Software Development Engineer with a strong foundation in Object-Oriented Programming and core computer science concepts. Experienced in developing web applications and currently enhancing problem-solving skills through Data Structures and Algorithms. Passionate about building efficient and scalable software solutions.

TECHNICAL SKILLS

- **Programming Languages**:Java, Python
- **Web Technologies** :HTML, CSS, JavaScript
- **Database** :Mysql
- **Soft Skills** :Problem Solving, Leadership, Teamwork

PROJECTS

GramaClean - Smart Garbage Complaint and Tracking System

Technologies: Python (Flask), HTML, CSS (Bootstrap), JavaScript, Chart.js | Role: Frontend and Documentation

- Enabled villagers to submit complaints online with details and image proof
- Built an admin dashboard to monitor complaints and update status (Pending, In Progress, Completed)
- Managed the overall complaint workflow from submission to resolution
- Integrated data visualization to analyze complaint trends and support decision-making

Real-Time Weapon Detection and Alert System

Technologies: Python, OpenCV, YOLOv8, HTML, Tailwind CSS | Role: Frontend and Documentation

- Captured and processed live webcam video frame-by-frame for real-time analysis
- Detected weapons such as knives and other dangerous objects using a deep learning model
- Highlighted detections with bounding boxes and confidence scores, and triggered alert messages
- Developed a web dashboard using HTML and Tailwind CSS to monitor live feed and detection logs

INTERNSHIP EXPERIENCE

Aiverz Technologies - Web Development Intern *June 2025*

- Learned to build responsive web pages using HTML, CSS, and JavaScript
- Gained hands-on experience integrating REST APIs for frontend-backend communication
- Assisted the team in debugging issues and improving UI performance

Epix Designs - Full Stack Development Intern *December 2025*

- Learned full-stack development practices by working on frontend and backend integration
- Assisted in implementing authentication systems, form handling, and CRUD operations
- Practiced using Git and GitHub for version control and collaborative development

EDUCATION

Kongunadu College of Engineering and Technology,Trichy *2023 - 2027*

B.E Computer Science and Engineering -CGPA: 8.135(Upto 6 sem)

Government Higher Secondary School ,Trichy *2023*

HSC-Percentage: 83.5%

ACHIEVEMENTS&ACTIVITIES

- Selected as a National-Level Hackathon participant in AISE Hack 2026
- Presented technical papers and attended workshops at various reputed colleges and technical symposiums.

CERTIFICATIONS

- Java Programming, KNCET *September 2024*
- Build Python Web Apps with Django & Flask, KNCET *December 2024*

AREAS OF INTEREST

Java Backend Development, Software Development ,Web Application Development

Languages: Tamil, English | **Hobby**: Playing and watching cricket
