PROFESSIONAL SUMMARY

Enthusiastic Computer Science graduate with strong knowledge of Java and database technologies. Quick learner with excellent problem-solving and communication skills. Seeking an opportunity to contribute and grow in a dynamic organization.

EDUCATION

Qualification	Institution	Location	year of Passing	Grade
B.E. Computer Science and Engineering	Koungunadu College of Engineering and Technology	Trichy, TamilNadu	2027	CGPA: 6.7 / 10
Higher Secondary (HSC)	Lakshmi Matric Hr Sec School	Trichy, TamilNadu	2023	62%

PROJECT

Project Title 1 : Smart Virtual Companion with Personalized Conversations

Technologies Used : Python, Natural Language Processing (NLP), Machine Learning, MongoDB, Speech Recognition, Text-to-Speech.

Description : Developed a personalized conversational assistant using AI technologies to deliver meaningful interactions, improve user engagement, and support natural communication.

Project Title 2 : AI-Powered User Activity Monitoring and Anomaly Detection Tool

Technologies Used : Python, Machine Learning, Windows Event Viewer, MySQL/MongoDB, Tkinter (GUI), SMTP Email Alerts, Twilio API, Data Analytics

Description : Developed an AI-powered tool to monitor Windows user activities and detect security anomalies. Implemented automated alerts and event log analysis to improve system security and monitoring efficiency.

INTERNSHIP

- **Artificial Intelligence Intern**

  SamCore Technologies | November 2025 - December 2025

  - Learned Artificial Intelligence and Machine Learning concepts through practical projects.
  - Worked on data preprocessing, model development, and performance evaluation using Python.
  - Built and tested basic AI models for predictive and classification tasks.
  - Gained exposure to industry-level AI workflows and development practices.

- **Internet of Things**

  Media Wave Technologies | June 2025

  - Developed IoT solutions using Arduino, ESP32, and sensors for real-time monitoring.
  - Implemented MQTT and HTTP protocols for cloud connectivity and data transfer.
  - Gained experience in embedded programming, sensor integration, and IoT security.
  - Built smart IoT applications with hardware-software integration and automation.

TECHNICAL SKILLS

Programming Language : Java.	
Web Technologies	**:** HTML, CSS, Java Script.
Data Management	**:** MySQL, MongoDB.
Tools & Technologies	**:** Visual Studio Code, Eclipse IDE, GitHub.
Concepts	**:** Object-Oriented Programming (OOP), Internet of Things (IoT), AI.
Soft Skills	**:** Problem Solving, Communication Skills, Time Management, Adaptability.

ACHIEVEMENTS

- Secured 3rd Prize in Paper Presentation at SNS College of Engineering.
- Achieved 2nd Prize in the Algorithm Design Challenge conducted at SNS College of Engineering.
- Won Runner-Up position in the Zonal Handball Tournament (2024).
- Secured Winner position in the Zonal Handball Tournament (2025).

DECLARATION

I hereby declare that the information provided in this resume is true and accurate to the best of my knowledge and belief.

Place : Trichy

your faithfully,
