SUMMARY

A dedicated Computer Science and Engineering student with a core focus on software development. Driven by strong problem-solving skills and a commitment to building practical, real-world solutions through continuous learning and growth.

EDUCATION

B.E. Computer Science and Engineering **2023–2027**
Kongunadu College of Engineering and Technology CGPA: **8.0/10**

Higher Secondary Certificate (HSC) **2022–2023**
Kurinji Matric Higher Secondary School Percentage: **85%**

PROJECTS

Accident Detection and Emergency Alert System

- Developed a real-time accident detection system using a CNN-based image classifier with PyTorch and OpenCV.
- Processed video frames and reduced false alarms through multi-frame detection validation.
- Built a Tkinter interface for live monitoring and automated emergency alerts.

Tech Stack: Python, PyTorch, OpenCV, Tkinter

Automatic Scheme Suggester

- Developed an OCR-based web application using Tesseract OCR to extract applicant details from documents.
- Implemented Flask backend logic to match extracted data with government scheme eligibility criteria.
- Built a complete document-to-recommendation workflow using HTML, CSS, and JavaScript.

Tech Stack: Python, Flask, Tesseract OCR, HTML, CSS, JavaScript

SKILLS

Languages: Java, Python, SQL
Core Concepts: OOP, DBMS, Data Structures & Algorithms
Web Development: Flask, MySQL, HTML, CSS, JavaScript
AI/ML & CV: PyTorch, OpenCV

EXPERIENCE

Python Full Stack Development Intern **June 2025**
Infoem Software Solutions

- Built a full-stack CRUD web application using Flask and MySQL, allowing users to create, view, update, and delete records.
- Designed database schemas and queries to store and manage application data reliably.
- Tested the application to ensure smooth and reliable functionality.

HACKATHONS & ACHIEVEMENTS

- Secured 1st Place at the Artiverse Hackathon and advanced to the Prototype Round at Techgium.
- Finalist in VIT Health Hackathon, HackDay, and multiple inter-college hackathons, developing prototypes under time constraints.
