Nishanthini L

Frontend Developer | nishanthiniakash@gmail.com | +91 8489739868 |GitHub | LinkedIn

OBJECTIVE

Motivated Computer Science Engineering student with a strong interest in Java programming and software development. Looking for an entry-level role to apply my programming knowledge, learn new technologies, and contribute to real-world software projects.

EXPERIENCE

INFOEM SOLUTIONS | PYTHON FULL STACK DEVELOPMENT INTERN
June 2025 | On-site

- Developed a Python-based full stack mini project, integrating frontend and backend components into a working application.
- Implemented backend logic using Python to process user inputs, validations, and application workflows.
- Designed responsive user interfaces using HTML and CSS, ensuring proper layout and usability.
- Used JavaScript for client-side interactions, basic validations, and dynamic content handling.
- Performed CRUD operations to create, retrieve, update, and delete application data.
- Gained practical experience in form handling, debugging, and end-to-end application flow.

IBM SKILLSBUILD | FRONT END WEB DEVELOPMENT INTERN
Edunet Foundation| Aug 2025 - Sep 2025 | Remote

- Completed a 6-week structured internship focused on Front End Web Development fundamentals.
- Developed web pages using HTML, CSS, and JavaScript through guided hands-on tasks.
- Applied responsive design and layout structuring principles for better UI usability.
- Gained practical exposure to client-side scripting and basic UI interactions.
- Attended technical orientation and training sessions conducted under IBM SkillsBuild.

PROJECTS

Digital Platform for Streamlined Admission and Counselling in Colleges | Full Stack Web Application

- Developed a web-based admission and counselling management system to digitalize student registration, application submission, and admission processing.
- Implemented backend logic using Python Flask with a structured database for secure data storage and retrieval.
- Designed responsive frontend interfaces using HTML, CSS, and JavaScript for students and administrators.
- Built an admin dashboard for application review, approval/rejection, and real-time admission status tracking.
- **Tech Stack:** HTML5, CSS3, JavaScript, Python (Flask), PostgreSQL, Git, GitHub

Interactive Quiz Web Application | Frontend Development

- Developed a responsive quiz web application using HTML, CSS, and JavaScript to evaluate users across multiple categories.
- Implemented timer-based quizzes and scoring logic with instant result feedback.
- Managed question navigation and category selection using JavaScript and DOM manipulation.
- Tracked user performance during the quiz session through client-side logic.
- Ensured cross-device compatibility and responsive UI for desktop and mobile browsers.
- **Tech Stack:** HTML5, CSS3, JavaScript, DOM Manipulation, Git, GitHub

EDUCATION

KONGUNADU COLLEGE OF ENGINEERING & TECHNOLOGY
B.E., COMPUTER SCIENCE AND ENGINEERING
2023 - 2027
CGPA: 8.58/ 10.0

GOVERNMENT GIRLS HIGHER SECONDARY SCHOOL

HSC | 2022 - 2023
Score: 91.6%
SSLC | 2020 - 2021
Score: Pass

SKILLS

Programming:
Java, Python, JavaScript, HTML, CSS

Design:
UI/UX Fundamentals

Frameworks:
Bootstrap

Databases:
PostgreSQL

Tools:
Git, GitHub, VSCode, Figma

Operating System:
Windows

AREA OF INTERESTS

- Frontend Development
- UI/UX Design Fundamentals
- Web Application Development
- Generative AI

CERTIFICATIONS

- Java Programming – Yellowmatics.ai
- Programming Using Java – Infosys Springboard
- CSS Crash Course for Beginners - Udemy
- RDBMS PostgreSQL - IIT Bombay Spoken Tutorial
- Generative AI – Guvi

ACHIEVEMENTS

- Cognizant Technoverse Hackathon Participate

LANGUAGES

- English - Professional Proficiency
- Tamil - Native Proficiency
- Japanese - JLPT N4 certified
