PROFESSIONAL SUMMARY

Python Developer | Software Developer — Computer Science and Engineering graduate with 8.5/10 CGPA and a Minor in Entrepreneurship, seeking an entry-level Python Developer role. Strong foundation in Python programming, OOP, Data Structures and Algorithms, SQL, MySQL, DBMS, REST APIs, debugging, and software development. Trained in Java Full Stack Development with hands-on exposure to web development and application workflows. Strong problem-solving and analytical skills with an interest in developing reliable and maintainable software solutions.

TECHNICAL SKILLS

Python: Python Fundamentals, Functions, Modules, Control Flow, Exception Handling, Problem Solving

Programming: Java, JavaScript, OOP, Data Structures and Algorithms, Collections

Database: SQL, MySQL, DBMS, Relational Database Concepts, SQL Queries

Web & Backend: HTML5, CSS3, React.js, Spring Boot Fundamentals, REST API Fundamentals

Software: Debugging, SDLC, Manual Testing Fundamentals, Application Development

Tools: Git, GitHub, Visual Studio Code

INTERNSHIP EXPERIENCE

Web Development Intern | Imagecon India

- Contributed to web development activities associated with the Talent Bride project and supported implementation of project requirements.
- Applied HTML, CSS, JavaScript, and web development fundamentals while working on project-related functionality.
- Gained practical exposure to application development, debugging, requirement understanding, collaborative development, and software development workflows.

TECHNICAL TRAINING

Java Full Stack & SQL Trainee | QSpiders

- Completed structured training in Java Full Stack Development, SQL, Advanced Java, Manual Testing, and application development fundamentals.
- Practiced OOP, collections, exception handling, SQL queries, relational database concepts, web technologies, and REST API fundamentals.
- Strengthened programming, debugging, logical reasoning, and problem-solving skills through hands-on exercises and application-oriented learning.

EDUCATION

B.E. Computer Science and Engineering

Salem College of Engineering and Technology, Anna University | 2022–2026 | CGPA: 8.5/10 | Academic Topper

Minor: Entrepreneurship

ACADEMIC PROJECT

ERP-Based Integrated Student Management System

- Designed an integrated system concept for organizing student information and streamlining academic and administrative workflows.
- Planned modules including student information, attendance, marks, fees, academic records, and administrative operations.
- Applied software engineering, database management, user-interface design, structured data management, and problem-solving concepts.
- Focused on centralized information handling to improve organization, accessibility, and efficiency of student records.

CERTIFICATIONS & ACHIEVEMENTS

Certifications: NPTEL – Data Structures and Algorithms using Java; QSpiders – Java Full Stack Development & SQL; Deloitte – Data Analysis Internship / Training; Google Cloud Credential.

Achievements: Academic Topper Award; Best Outgoing Student; Minor in Entrepreneurship; Distinction in Typewriting (English) – Government of Tamil Nadu Technical Examination Board.

ADDITIONAL INFORMATION

Target Roles: Python Developer, Junior Software Developer, Junior Backend Developer | Preferred Location: Bangalore | Languages: English, Tamil | Availability: Full-time
