SUMMARY

Passionate CSE Engineer with a strong interest in web development, and UI/UX design. Eager to contribute to real-world projects while enhancing my skills through hands-on experience and continuous learning in modern technologies

PROJECT

IOT-BASED MILK PURITY DETECTION DEVICE

Designed an IoT-based Milk Purity Detection Device to monitor milk quality parameters such as temperature, pH, and adulteration levels in real time. The system uses sensors and a microcontroller to collect data and display results for quick analysis.

RESQHER - A LORA-BASED SMART WOMEN'S SAFETY SYSTEM

Designed an IoT-based Smart Women's Safety System using LoRa technology to enable long-range emergency communication and real-time GPS location tracking. The system uses ESP32, LoRa, and GSM/Wi-Fi modules to transmit SOS alerts to emergency contacts, ensuring reliable communication even in low-network areas.

INTERNSHIP

CLOUD COMPUTING **NOVEMBER 2025**

A technology-driven organization that provides cloud computing solutions for secure data storage, application hosting, and system management. It focuses on improving scalability, efficiency, and accessibility through cloud-based platforms. The organization helps businesses manage and access digital resources reliably using modern computing technologies.

FULL STACK DEVELOPMENT WITH PYTHON **DECEMBER 2024**

Full Stack Development with Python involves building complete web applications using Python for backend development and modern technologies for frontend design. It focuses on developing dynamic user interfaces, handling databases, and implementing server-side logic. This approach enables the creation of secure, scalable, and user-friendly web applications.

EDUCATION

B.E/CSE (2023-27) - Kongunadu College of Engineering and Technology **CGPA:** 7.594/10

HSC (2022-23) - Kalaimagal Matric Higher Secondary School **Percentage:** 65.83**%**

SSLC (2020-2021) - Kalaimagal Matric Higher Secondary School

SKILLS

TECH STACKS	:	Python, Java, SQL, HTML/CSS
AREA OF INTEREST	:	Web Development, UI/UX Development
SOFT SKILLS	:	Leadership, Team Work, Time Management
