EDUCATION

KONGUNADU COLLEGE OF ENGINEERING AND TECHNOLOGY

B.E ECE

CGPA 7.66 %

ACHIVERS ACADEMY MATRICULATION HIGHER SECONDARY SCHOOL

Higher Secondary

PERCENTAGE : 84.83

ACHIVERS ACADEMY MATRICULATION HIGHER SECONDARY SCHOOL

Secondary

PERCENTAGE : 100

SKILLS

Technical Skills

- JAVA
- MYSQL
- Java Script
- python

Soft Skills

- Adaptability
- Team Management
- Optimistic
- Quick Leaner

AREA OF INTEREST

- Software Development
- Full Stack Development

ACHIEVEMENTS

- Secured 1st place in code debugging in CIT
- Presented technical papers and projects in inter college symposiums.
- Completed 15+ realtime projects

ABOUT ME

A passionate and dedicated graduate seeking a Software Developer position where I can utilize my programming, problem solving, and database management skills to develop efficient software solutions while continuously learning and growing in my career.

PROJECTS

SMART AGRICULTURE MONITORING SYSTEM USING LORA TECHNOLOGY FOR LONG-RANGE WIRELESS COMMUNICATION.

- Developed a Smart Agriculture Monitoring System using LoRa technology for long-range wireless communication and real-time field monitoring.
- Enabled smart irrigation decisions using soil moisture, temperature, and humidity monitoring and show a data in wep page.
- Tools Used: LoRa Module (SX1278), ESP32/ESP8266, Soil Moisture Sensor, DHT11/DHT22 Sensor, LCD Display, Arduino IDE,HTML,CSS.

AI-BASED AMERICAN SIGN LANGUAGE TRANSLATOR

- Developed a real-time web application that converts English text and speech into American Sign Language (ASL) using Natural Language Processing (NLP).
- Implemented spaCy for text processing and integrated Web Speech API with sequential ASL video playback for accurate and interactive translation.
- Tools Used: Python, Django, spaCy, HTML, CSS, JavaScript, Web Speech API, MySQL.

HOSPITAL QUEUE & INVENTORY MANAGEMENT SYSTEM

- Developed a web-based Hospital Queue & Inventory Management System to reduce patient waiting time and improve hospital operations.
- Implemented patient queue tracking, appointment scheduling, and medicine inventory management with real-time updates.
- Tools Used: HTML, CSS, JavaScript,python, MySQL.

INTERNSHIP

FUTOGEN TECHNOLOGIES PRIVATE LIMITED

- Worked with MySQL to design and manage relational databases.
- Gained hands-on experience in writing and optimizing SQL queries.
- Supported database maintenance, data integrity, and efficient data retrieval.

HACKATHONS

- GENESIS 25 Hackathon - INTER COLLEGE
- Smart India Hackton 2025 & 2026
- INNOHACK 2026 - VIT Vellore
- Kreative Genesis Hackathon 2026 - KGISL, Coimbatore.

CERTIFICATION

- Java Programming certification
- NPTEL certification - Introduction to IoT & Industry 4.0
- SQL programming certification
