About Me

Passionate aspiring software developer with a foundation in Java, web development, and database technologies. Experienced in building projects and gaining practical exposure through internships. Eager to learn, solve problems, and contribute to real-world software solutions.

Education

Bachelor of Engineering 2023-2027
Kongunadu College of Engineering and Technology, Trichy
CGPA-7.6
Upto 6th sem

Higher Secondary Certificate 2022-2023
Kamarajar Hr.Sec.School
72%

Technical Skills

- Web Development
- Web Designing
- Git,GitHub

Programming Languages

- Java
- MongoDB, SQL
- HTML CSS Javascript
- React js

Personal Details

- **Language Known:** English,Tamil
- **Hobbies:** Travelling, Exploring New Things

Internship Experience

UI/UX Design Intern (Jun-2025)
Futogen

- Designed user-friendly web and mobile application interfaces by applying UI/UX principles, creating wireframes and prototypes, and collaborating with developers to deliver responsive, intuitive, and visually appealing user experiences.

Data Science Intern (Dec 2025)
Way2Skills

- Gained hands-on experience in AI and Machine Learning by performing data preprocessing, training and evaluating machine learning models, and implementing basic algorithms to solve real-world problems.

Projects

Real-Time Patient Monitoring and Alert-System

- Worked as a Frontend Developer, designing and developing a user-friendly dashboard to display real-time patient activity, abnormal alerts, and emergency notifications for quick monitoring and response.
- **Tech Stack:** Python, OpenCV, YOLOv8

Blockchain-Based Secure Tender System

- Worked as a Frontend Developer, designing and developing the user interface for the digital tender management system, including bid submission, tender tracking, and secure data display.
- **Tech Stack:** React.js, Node.js, Ethereum, IPFS

Certifications

- Java Full Stack Programming, SDLC
- Cyber Security, KNCET

Achievements & Activities

- Selected as a National-Level Hackathon **Finalist in AISE Hack 2026.**
- **Served as a NSS Volunteer**, participating in community service activities and awareness programs while strengthening leadership, teamwork, communication, and social responsibility skills.
