MOHAMMED THANSEEM S

B.Tech - Artificial Intelligence and Data Science.

Email: thanseemprofessional@gmail.com
Phone No: + 91 88382 20713
GitHub: github.com/Mohammedthanseem
LinkedIn: linkedin.com/in/mohammed-thanseem

OBJECTIVE

Passionate about exploring emerging technologies and applying them to solve real-world problems. Dedicated to continuous learning, with a strong focus on mastering AI tools and building impactful technical solutions.

EDUCATION

- 2023-2027 - KONGUNADU COLLEGE OF ENGINEERING AND TECHNOLOGY, THOTTIYAM
  B.Tech - Artificial Intelligence and Data Science. CGPA: 6.88
- 2020-2023 – THE NAVODAYA ACADEMY, NAMAKKAL
  - 12th Percentage: 60 %

SKILLS

- **Programming Languages:** Java, Python.
- **Database Management:** MySQL
- **Tools:** Git, VS-Code, GitHub.
- **Web Technologies:** HTML, CSS.
- **Operating Systems:** Windows
- **AI Tools:** Claude AI, ChatGPT**,** Gemini.

SOFT SKILLS

- Adaptability.
- Flexibility. Listening.

PROJECTS

AI-Powered Deepfake Detection for secure video Conferencing Python, TensorFlow, OpenCV, CNN, RNN/LSTM

Built a real-time deepfake detection system analyzing facial features, lip-sync, and voice patterns using CNN and RNN/LSTM models.

Trained and optimized deep learning models to improve detection accuracy, then integrated the system with video conferencing platforms to prevent identity fraud and strengthen digital trust.

AI-Based Driver Drowsiness Detection System Python, OpenCV, MediaPipe, NumPy, TensorFlow/Keras

Developed a real-time driver alertness monitoring system using face, eye, and mouth detection via OpenCV and MediaPipe.

Calculated Eye Aspect Ratio (EAR) and Mouth Aspect Ratio (MAR) to detect fatigue and trigger driver alerts, improving road safety.

INTERNSHIP

INFOEM SOFTWARE SOLUTIONS Namakkal, Tamil Nadu

Machine Learning and Computer Vision Sep 2025 -- Dec 2025

Built a model to detect and classify brain tumors from MRI images using OpenCV and deep Learning. Applied data preprocessing, model training, and evaluation using TensorFlow/Keras for Accurate prediction.

Gen AI Intern-FFUTUREWISE

Gained hands-on exposure to Generative AI and Machine Learning Fundamentals worked on understanding AI workflow and practical application. 28 Nov 2025 – 12 Dec 2025

HACKATHON EXPERIENCE

- KPR College of Technology, Coimbatore – HACK THE HORIZON – 24 HRS

. Techfest 2025 – Paper Presentation – National-level technical symposium.

CERTIFICATIONS:

- NPTEL: Cloud computing, Internet of Things.
- Infosys course completion: HTML, CSS, JavaScript.
- YellowMatics: Java fundamentals.

AREA OF INTEREST

- Artificial Intelligence.
- Agentic AI.
- Data Science.

LANGUAGE KNOWN

- English (Fluent).
- Tamil (Native).

HOBBIE

- Learning New Technologies.
- Solving Aptitude and Logical Puzzles.
- Playing Chess and Carrom Board.

EXTR–CURRICULAR ACTIVITIES:

- Participated in Sports Events.
- Actively involved in team-based activities and group discussions
- Type Writing English (Junior).
