OBJECTIVE

Enthusiastic aspiring Artificial Intelligence and Data Science professional with a strong passion for emerging technologies and innovation, eager to start my career in the tech industry and contribute to real-world solutions that create meaningful impact.

EDUCATION

B.Tech, Artificial Intelligence and Data Science *2023 - Present*
Kongunadu College of Engineering and Technology, Thottiyam | CGPA: 8.56

HSC, Government Hr Sec School *2022 - 2023*
Balasamuthiram | Percentage: 83%

SSLC, St. Mary's High School *2020 - 2021*
Thottiyam | Percentage: 100%

TECHNICAL SKILLS

- Programming Languages: Java, Python
- Web Technologies: HTML, CSS, JavaScript
- Database Management: MySQL, Supabase
- AI/ML Techniques: Machine Learning
- Tools: Git, GitHub, VS Code, Antigravity, Power BI
- Operating Systems: Windows

PROJECTS

Vangapalagalam - Full-Stack Social Media Platform (link: Welcome | Vangapalagalam)
Technologies: React, Supabase, JavaScript, HTML, CSS

- Built a responsive full-stack social media application featuring user authentication, real-time messaging, posts, likes, comments, and media sharing.
- Integrated Supabase for authentication, database management, real-time updates, and file storage to support scalable application functionality.

AI-Powered Smart Diet and Workout Assistant
Technologies: Node.js, MySQL, Google API | Role: Frontend Developer

- Developed a responsive and user-friendly frontend for an AI-powered smart diet and workout assistant.
- Integrated Google APIs and pre-recorded workout videos to provide users with guided exercise sessions and relevant health information.
- Collaborated with the backend team to integrate MySQL-based APIs, enabling seamless retrieval and display of user data, diet plans, and workout recommendations.

INTERNSHIPS

Java Core Intern, GR Soft Tech Pvt. Ltd. - Trichy, Tamil Nadu *02/2025*

- Completed comprehensive training in Core Java, covering object-oriented programming, exception handling, collections, file handling, and JDBC fundamentals.
- Developed Java-based mini applications, including a calculator and other desktop programs, using NetBeans IDE to strengthen practical programming skills.

CERTIFICATIONS

Paper Presentations & Workshops

- Presented a paper on "The Role of AI in English Language Improvement" at Selvam College of Technology.
- Presented a paper on "Emerging Trends in Artificial Intelligence and Data Science" at Annapoorana Engineering College.
- Generative AI & Explainable AI (GenAI & XAI) - Workshop, Karpagam College of Engineering.

Value Added Courses

- Java Programming - Value Added Course, Kongunadu College of Engineering and Technology.
- Machine Learning - Value Added Course, Kongunadu College of Engineering and Technology.

ACHIEVEMENTS

- Smart India Hackathon 2024 - Qualified for Round 2 with the project Sustainable Fertilizer Usage Optimizer for Higher Yield.
- VIT Chennai Hackathon - AI-Powered Student Guidance System for college, course, and career guidance.
- KPR Institute of Engineering and Technology Hackathon - AI-Based Alzheimer's Disease Prediction System.
- New Prince Shri Bhavani College of Engineering 36-Hour Hackathon - Second Prize for AI-Based Fake Social Media Account Detection System.
