THIRUVASAN S

B.E. Computer Science and Engineering
Kongunadu College of Engineering and Technology, Trichy

+91-9344184024 | thiruvasan2002@gmail.com | github.com/Lucifer-error | linkedin.com/in/thiruvasan-s-866783252

Summary

Final-year Computer Science and Engineering student with experience in machine learning, full-stack development, and software engineering. Passionate about building scalable applications and seeking Software Developer opportunities.

Education

Bachelor of Engineering (Computer Science and Engineering) CGPA: 8.3
Kongunadu College of Engineering and Technology, Trichy Graduation: 2027

Technical Skills

Languages	Python, Java, C
Web	HTML5, CSS3, JavaScript, Flask
Database	MySQL
Libraries	Scikit-learn, OpenCV, Pandas, NumPy
Tools	Git, GitHub, VS Code

Projects

Monkeypox Detection System Python, Scikit-learn

- Developed a machine learning system for disease prediction using structured clinical datasets.
- Performed data preprocessing, feature engineering, and trained classification models using Scikit-learn.
- Evaluated model performance using validation techniques to improve prediction accuracy.

Cognix – AI-Powered Intelligent Assistant Flask, REST API

- Developed an AI-powered assistant using Flask with REST APIs and session-based request handling.
- Designed reusable modules and managed version control using Git.

Internship Experience

Data Analytics & Machine Learning with Python Intern April 2024
AICTE Virtual Internship

- Completed a two-month virtual internship in Data Analytics and Machine Learning using Python.
- Performed data preprocessing, exploratory data analysis (EDA), and data visualization using Pandas and NumPy.
- Built and evaluated machine learning models using Scikit-learn.
- Gained practical experience in Python-based data analytics workflows.

UI/UX Design Intern June 2025
Futogen

- Designed user-friendly web and mobile interfaces following UI/UX principles.
- Created wireframes, prototypes, and user flows to improve usability.
- Collaborated with developers to build responsive web applications.

Certifications

- Java Programming – Yellomatics
- MongoDB Basics – MongoDB
- Japanese Language Proficiency Test (JLPT N5)

Languages

Tamil • English • Japanese (JLPT N5)
