

ABIN THINESH G

Computer Science and Engineering

Experience

Web Development Intern June 2025

Aiverz Technologies

- Designed and modified responsive web pages using HTML, CSS, and JavaScript with basic user-friendly layouts.
- Assisted in testing website features, identifying issues, and improving overall functionality and performance.
- Collaborated with team members to understand web development workflows and industry practices.

Full Stack Development Intern Dec 2025

Epix Designs

- Developed simple web application modules using frontend and backend development concepts.
- Worked with forms and databases to store, retrieve, and manage application data effectively.
- Used GitHub for project management, code storage, and version tracking activities.

Projects

Prediction of Diabetes Type 1 and Type 2

- Developed a machine learning-based web application to predict Type 1 and Type 2 diabetes using medical parameters.
- Designed a user-friendly interface to collect medical parameters and display prediction results.
- Analyzed healthcare data to improve understanding of disease prediction and data processing.

Smart Finance Management System

- Developed a personal finance management application to track income and expense records.
- Implemented automated balance calculation and financial summary generation for better monitoring.
- Designed a simple dashboard to provide users with clear financial insights and reports.

Achievements

- Won **First Prize** in the Intra-College Hackathon conducted by the AI & DS Department for presenting “Smart Education System.”

Extra Curricular Activities

- Actively participated in **multiple Paper Presentation** events at college symposiums, presenting technical topics related to Computer Science, Web Development, and Artificial Intelligence concepts.

Objectives

Enthusiastic student with a strong interest in software development and web technologies. Familiar with Java, HTML, CSS, and JavaScript. Eager to learn new technologies and contribute to projects while improving technical and problem-solving skills.

Education

Bachelor of Engineering

Computer Science and Engineering

Kongunadu College of Engineering and Technology

2023-2027 **CGPA**:7.51 (VI SEM)

Higher Secondary Certificate

Sri Krishna Matric Hr.Sec.School

2023 -86.5%

Skills

- **Programming Language:** Java
- **Web Technologies:** HTML, CSS, Javascript
- **Database:**MySQL
- **Tools:** Eclipse,MS Tools.
- **Soft Skills:** Leadership, Time Management, Problem Solving.

Personal Details

- **Languages:**Tamil, English
- **Hobby:**Playing Cricket
