PROFESSIONAL SUMMARY

Aspiring UI/UX Designer and Front-End Developer pursuing a B.E. in Computer Science and Engineering (CGPA 6.9). Passionate about designing intuitive user experiences and developing responsive web interfaces using Figma, HTML, CSS, and JavaScript. Seeking an internship opportunity to apply design thinking, problem-solving, and front-end development skills in creating impactful digital products.

EDUCATION

B.E. Computer Science and Engineering

Expected: 2027

CGPA: 6.9 / 10

Kongunadu College of Engineering and Technology

TECHNICAL SKILLS

UI/UX Design	User Research,Design Thinking,Information Architecture,Responsive Design
Front-End Tools	HTML5,JavaScript(ES6+)
Design Tools	Figma,FigJam,Canva

INTERNSHIP EXPERIENCE

Junior Intern — Artificial Intelligence

Nov 2025 – Dec 2025

Samcore Solution, Trichy

* Assisted in AI/ML project development, data preprocessing, and model testing.
* Collaborated with teams to analyze datasets and implement AI-based solutions.
* Supported model evaluation, optimization, and technical documentation.
* Strengthened analytical thinking, debugging, and problem-solving skills through AI projects.

Intern — Data Science

June 2025 (15 Days)

SpeculationInfotech,Trichy

- Gained hands-on exposure to data analysis workflows, data cleaning, and visualization techniques.
- Worked with real-world datasets to extract patterns and insights using Python-based tools.
- Developed foundational understanding of machine learning concepts and model evaluation.

PROJECTS

Smart Waste Reporting and Incentive Platform *— Artificial Intelligence*

- Engineered an intelligent waste management solution leveraging AI and data analytics to streamline waste reporting and monitoring processes.
- Implemented image-based waste detection and classification models to automate issue identification and improve operational efficiency.
- Designed a reward-based incentive mechanism to increase citizen engagement and encourage sustainable waste disposal behavior.
- Collaborated on system testing, validation, and continuous enhancement to deliver a scalable and user-centric platform.

SOFT SKILLS

Problem Solving • Analytical Thinking • Team Collaboration

Creativity •Quick Learning • Communication
