About Me

I am a motivated B.Tech Information Technology student with knowledge of Java, Python, HTML, CSS, OOP, problem solving, and basic database concepts. I am passionate about learning new technologies and eager to apply my skills, gain practical experience, and grow as a professional while contributing to the organization.

Education

B.Tech – Information Technology, Kongunadu College of Engineering And Technology 2023 – 2027
CGPA: 7.6

HSC, RVB Matric Hr Sec School, Thuraiyur 2022 – 2023
12th: 82%

Internship

Prompt Info Tech, Cyber Security Intern 02/06/2025 – 18/06/2025
Coimbatore

- Motivated Information Technology student seeking a Cyber Security Intern position to apply my knowledge of Cybersecurity, ethical hacking, and network security. I aim to gain practical experience in identifying vulnerabilities, analyzing threats, and strengthening system security while contributing to the organization's cybersecurity initiatives.

Technical Skills

- **Programming Languages:** Java, Python
- **Web Technologies:** HTML, CSS
- **Core Skills:** Object-Oriented Programming (OOP), Problem Solving, Basic Database Knowledge
- **Tools & Platforms:** VS Code, Eclipse, Git

Projects

Detecting Deauthentication in Open Network A Security Enhanced Approach

- Designed a system to detect abnormal deauthentication frames in open WiFi networks and improve protection.

WiFi Deauthentication Device for Ethical Hacking and Security Testing

- Developed a device to simulate controlled WiFi deauthentication attacks to identify vulnerabilities and improve wireless security.

Paper Presentation

Sign Language Convert into Text, Annapoorana college of Engineering, Salem

- Developed a system that converts sign language gestures into text to improve communication for deaf or hard-of-hearing individuals.

Hackathon

AI Based Threat Analysis, Karpagam college of Engineering, Coimbatore

- Developed an AI-based threat analysis system that detects, analyzes, and predicts cybersecurity threats in real time.

Certification

Japanese (N5-cleared)

- To utilize my JLPT N5 Japanese language skills and continuously improve my proficiency while contributing effectively to the organization's growth. Seeking an opportunity to learn, gain experience, and develop my career in a professional environment.

Achievements

* **Infosys Springboard** – Front-End Development Certification
* **NPTEL** – Introduction to Internet of Things , Machine learning
* **Yellowmatics.ai** – LeetCode Java Problem Solving Course
* **Hackup Technology** – Value Added Course in Cyber Security

Soft Skills

- **Time Management:** Ability to organize tasks and complete work within deadlines.
- **Teamwork:** Ability to work effectively with others, share ideas, and contribute to achieving common goals.
- **Quick Learner:** Ability to understand new concepts and technologies quickly and apply them efficiently.
