CAREER OBJECTIVE

Motivated Information Technology student with a strong interest in Full Stack Development. Seeking an opportunity to apply my programming skills, learn new technologies, and contribute to real-world software projects while growing as a software developer.

EDUCATION

Qualification	Institution	Location	Year of Passing	Grade
B.Tech. Information Technology	Kongunadu College of Engineering and Technology	Trichy, TN	2027	CGPA 7.99
Higher Secondary (HSC)	Sowdambikaa Matric Higher Secondary School	Musiri, TN	2023	82%
Secondary School (SSLC)	Sowdambikaa Matric Higher Secondary School	Musiri, TN	2021	100%

TECHNICAL SKILLS

Programming Languages: Java
Web Technologies: HTML, CSS
Database: Sql

PROJECTS

Smart Drip Irrigation with weather Forecast Integration

The Smart Drip Irrigation System with Weather Forecast Integration is an IoT-based automation solution designed to optimize agricultural irrigation by combining real-time soil data with external weather forecast information. The system continuously monitors soil moisture levels using sensors installed in the field and collects weather data such as rainfall probability, temperature, and humidity through a weather forecasting API..

AI-Based smart Waste Management System

Developed an AI-based smart waste management system to improve waste segregation and collection efficiency. Implemented AI image classification to identify different types of waste. Integrated GPS to locate the nearest recycling or collection center. Included collection time prediction, route optimization, and real-time notifications for waste collection teams.

INTERNSHIPS

Full Stack Web Development Intern – Astoniosh Infotech Private Limited June 2025

- Gained practical exposure to real-time web development processes and project workflow.
- Worked on developing and designing user-friendly web pages using frontend technologies.
- Learned how to structure applications and improve user interface design.

CERTIFICATIONS

- Core Java(Value Added Course) – Kongunadu College of Engineering and Technology | Sept 2024
- Introduction to Internet of Things– NPTEL | Oct 2024
- Introduction to Machine Learning – NPTEL | April 2026

EXTRA CURRICULAR ACTIVITIES

- Member of **ISTE** (Indian Society for Technical Education), participating in technical and professional development programs.
- Active member of **Green Club and Science Club** participating in various campus activities and initiatives

CO CURRICULAR ACTIVITIES

- Attended a One-Day Workshop on “AI/ML & IIOT” organized by Paavai Engineering College, April 2024
- Presented a paper titled “Augumented Reality And Virtual Reality” at the National Level Technical Symposium AIRO’24,Velalar Engineering College.
- Presented a paper titled “Automated Machine Learning” at the One-Day National Level Technical Symposium Colloquims-2k25, Vinayaka Mission’s Kirupananda Variyar Engineering College.
