CAREER OBJECTIVE

Mechatronics Engineering graduate with hands-on experience in industrial automation, pneumatic systems, IoT integration, and CAD design (AutoCAD, SolidWorks, Tecnomatix). Seeking an entry-level Automation Engineer or Design Engineer role to apply engineering skills in manufacturing, robotics, and Industry 4.0 systems.

EDUCATION

Sri Krishna College of Engineering and Technology, Coimbatore
B.E. in Mechatronics Engineering — CGPA: 7.97 (up to 6th Semester)

Thiagarajar Polytechnic College, Salem
Diploma in Mechanical Engineering — 91.24% | 2021 – 2024

Malco Vidyalaya Metric Higher Secondary School, Salem
SSLC — 86.2% | 2021

TECHNICAL SKILLS

- CAD & Design Tools: AutoCAD, SolidWorks, Tecnomatix
- Core Engineering: Pneumatics, Industrial Automation, Robotics Fundamentals, Manufacturing Processes
- Manufacturing: CNC Machining, Ball Milling, Annealing Process
- Programming & Data: Python (Basic), MySQL, Microsoft Excel, Power BI

PROJECTS

Pneumatic Arm for Pick and Place – Material Handling System
- Designed and fabricated a pneumatic mechanism to pick components from one location and place them at another, simulating an automated material handling workflow.

IoT-Integrated Firefighter Helmet
- Developed an IoT-based firefighter helmet for real-time monitoring of environmental conditions to enhance firefighter safety.

EXPERIENCE & INDUSTRIAL EXPOSURE

JSW Steel — Intern
- Analyzed ball milling and annealing processes used in steel production.
- Studied quality control standards and manufacturing workflow in a live production environment.

NEXTEC — Intern
- Gained exposure to CNC machining processes including material cutting, precision shaping, and component manufacturing to customer specifications.

TVS — Intern
- Studied two-wheeler servicing, diagnostics, and maintenance procedures.

PSG College of Technology — Workshop Training
- Completed hands-on training on collaborative robots and industrial automation systems.

TANSAM — Industry 4.0 Program
- Trained in smart manufacturing systems, automation technologies, and Industry 4.0 concepts.

AREAS OF INTEREST

- Design & Product Development
- Industrial Automation
- R&D and Robotics

PERSONAL STRENGTHS

Quick Learner • Communication Skills • Adaptability • Team Leadership • Time Management
