Leetcode:**https://leetcode.com/u/nrbharath/**

OBJECTIVE:

Passionate and innovative fresher aiming to apply acquired skills in Java full-stack development and AI to real-world software projects and gain practical experience in the IT industry.

EDUCATION:

UG – B. Tech-Information Technology	2023 - 2027
Kongunadu College of Engineering and Technology, Trichy	8.3 (Upto 6th Sem)
HSC	2022 - 2023
St.joseph's college Higher Secondary School	87%
SSLC	2020 - 2021
St.joseph's college Higher Secondary School	All Pass

SKILLS:

- **Programming Languages:** Java (Primary), Python, SQL, C
- **Core Computer Science:** Data Structures, Object-Oriented Programming (OOP), DBMS
- **Databases:** MySQL, MongoDB
- **Tools & Platforms:** Apache Tomcat, Debugging
- **Developer Tools:** Vs code, GitHub

SOFT SKILLS:

- Leadership
- Quick learning
- Creativity

PROJECTS:

1. **Forest Fire Prediction System**
   Platform - React, Node.js, Python, REST APIs
   Description – Developed an AI-based system to predict forest fire risk using environmental and historical data with real-time heatmap visualization. Implemented automated Email and WhatsApp alerts with Google Maps integration for early detection and rapid response.

2. **Smart Irrigation System**

Platform – Arduino ide, C++

Description – Developed an IoT-based smart irrigation system to automate plant watering using soil moisture sensors. The system monitors soil moisture levels continuously. When the moisture drops below a defined threshold, the water pump is automatically activated.

INTERNSHIP:

Internship Training at e-soft IT Solutions (Jun 2025)

Tools: HTML, CSS, JavaScript, Java, MySQL

Worked as a Full Stack Developer trainee, developing both front-end and back-end components of web applications. Built and integrated dynamic web pages with database connectivity, focusing on user interaction and data handling. Gained hands-on experience in full stack development, improving problem-solving and coding skills.

ACHIEVEMENTS:

- Won **1st** prize in **Hackathon** at Kongunadu College of Engineering and technology.
- Won **1st** prize in **technical quiz** at J.J college of Engineering and Technology.
- Won **2nd** prize in **Ppt** at Gynanamani college of Engineering and Technology.
- Won **2nd** prize in **Debugging** at M.A.M college of Engineering and Technology.
- Won **2nd** prize in **Ppt** at J.J college of Engineering and Technology.
- Won **2nd** prize in **technical quiz** at M.A.M college of Engineering and Technology.
- Won **3rd** prize in **technical event** at Kongunadu College of Engineering and technology.
- Won **cash prizes** for secured **O grade** in **M1, M2, Engineering physics.**

HACKATHONS:

- Artiverse 3.0 at Kongunadu— Secured 1st Prize. Forest fire prediction system.
- Genisis'26 at Kongunadu— Participated and presented a solution.
- Smart India Hackathon 2024 — Participated and presented a solution.
- Smart India Hackathon 2025— Participated and shortlisted (Top 50).
- MSME 2024,2025- Participated and presented a solution.
- ImpactX at St. Joseph's College of Engineering, Chennai- Participated and presented a solution.

CURRICULAR ACTIVITIES:

- Attended a workshop at NIT Trichy to gain practical insights.
- Completed a Value-Added Course in Cyber Security to gain knowledge in system protection and data security practices.
- Present my project in many Ppt events.
- Develop a robot like structured moving vehicle for my department hackathon inauguration.
- participated in debugging events to increase my confidence in java.
- Two days seminar in Gen Ai healthcare at kongunadu college.

CERTIFICATIONS:

- Advanced in front end tools at S3 Remontica technologies, Chennai.
- Internet of things, machine learning at Nptel.
- Core java at Kongunadu college by Yellowmatics.ai.
