PROFESSIONAL SUMMARY

Full Stack Developer fresher with knowledge of Java, Spring Boot, React.js, MySQL, and REST APIs.
Skilled in building responsive frontend interfaces, backend services, and database-driven web applications.
Seeking an entry-level developer role to apply full stack skills and grow as a software engineer.

EDUCATION

Bachelor of Technology, Anna University, Tiruchirappalli 2021 - 2025
Information Technology, cgpa: 7.8

Higher Secondary Course, Peravurani 2019 - 2021
Muvendar Matriculation Higher Secondary School, percentage: 90.05

SKILLS

Technical Skills Java, React JS, Spring Boot, MySQL, Git, AWS, DEVOPS

Soft Skills Problem-Solving, Communication, Teamwork, Quick Learning.

PROFESSIONAL EXPERIENCE

Full Stack Development Intern - Edutantr IT Solutions, Bengaluru Mar 2026 – Jun 2026

- Developed responsive React.js user interfaces and scalable Java Spring Boot REST APIs.
- Integrated MySQL databases, implemented CRUD functionality, and improved page responsiveness
- Managed source control with Git and actively contributed to Scrum ceremonies, accelerating sprint delivery.

Web Development Intern - Codebind Technology, Chennai Jun 2023 - Jul 2023

- Built responsive web pages using HTML, CSS, and JavaScript.
- Connected frontend with backend APIs.
- Fixed bugs and enhanced website usability.

TECHNICAL PROJECTS

Pancreatic Cancer Detection. Built an AI-powered web application for CT scan analysis. Merged frontend and backend for real-time cancer prediction. Enhanced diagnostic workflow with automated report generation.

Movie Ticket Reservation System. Designed a movie ticket booking web application using Java full stack technologies. Merged real-time seat selection, payment flow, and user authentication. Improved booking performance and server efficiency for better user experience.

ACHIEVEMENTS

- Solving daily coding challenges on LeetCode. Improving problem-solving skills.
- Built and maintained a personal portfolio website to showcase development projects.

CERTIFICATES

- GUVI Certified Java Programming – 2023.
- GUVI Certified Python Programming - 2024.
- GUVI Certified React JS - 2025.
- Naan Mudhalvan Certified MS Office - 2022.
