Divyadharsan U

Data Analyst Infrastructure Service

+91 8220671053 | divyadharsan245@gmail.com | Coimbatore | LinkedIn | GitHub

SUMMARY

Dynamic Infrastructure Analyst with a proven track record of driving business intelligence and financial optimization through meticulous data analysis. **Expertise in leveraging advanced tools such as Excel and Power BI to create integrated dashboards that consistently exceed key performance indicators (KPIs)**. Skilled in identifying and implementing projects that yield substantial **cost savings and full-time equivalent (FTE) reductions**, while fostering strong client relationships that contribute to overall financial success. Committed to delivering actionable insights that empower organizations to achieve strategic goals.

WORK EXPERIENCE

Analyst Infrastructure Services, DXC Technology 11/2021 – Present

- Managed vendor and client assets in alignment with client Service Level Agreements (SLAs), using inventory tools (ServiceNow, ESL, ISP), consistently maintaining a data accuracy rate of 97%-100%.
- Managed the full asset lifecycle from procurement through to disposal, utilizing various asset management tools for comprehensive data tracking.
- Automated key account processes using a tech stack, **including VBA scripting, Power Automate, and Power BI, successfully reduced manual workload by up to 0.08 FTE** and enhanced data reliability.
- Performing **EDL and configuration management jobs to avoid violations in inventory tools**.
- Collaborated with cross-functional teams to implement IT solutions, improving system reliability and user satisfaction.
- Developed and maintained detailed documentation for infrastructure processes, ensuring compliance with industry standards and best practices.
- Enhanced team collaboration by providing **clear communication of complex findings through visualizations and reports**.
- Collaborated with cross-functional teams to identify opportunities for process improvement and increased efficiency.
- Improved internal knowledge sharing by developing comprehensive documentation outlining standard operating procedures for various tasks.
- Streamlined reporting processes significantly reduce the time required to generate insights.
- Managed multiple projects simultaneously while adhering to strict deadlines and quality standards.

SKILLS

Data Analysis
Data Cleaning, Data Transformation, Exploratory Analysis, Statistical Analysis, Reporting KPI & SLA Reporting.

Tools & Technologies
Excel(Pivot Tables, Advanced Formulas, VBA Automation), POWER BI(DAX, ETL), MYSQL/SQL, Python(Core, Pandas, Numpy, Matplotlib, Seaborn), Microsoft Tools.

Data Visualization
POWER BI, Excel Dashboarding, Matplotlib Seaborn, Power Point

Support Tools
Service Now, Jira, SOP Documentation, Qlik View, Citrix HPAM.

Soft Skills
Logical Breaking, Stakeholder Communication, Analytical thinking, Leadership quality, Problem-solving.

PROJECTS

Global Freelancers Analysis, Data Analytics Project (Python, POWER BI) View Report
- Analyzed thousands of Freelancer records to identify demand trends, business problems, and location-based patterns.
- Built an interactive POWER BI dashboard integrating Python-based analysis to support operational decision-making.

E-Commerce Customer Churn Analysis, MYSQL Analytics Project View Report
- Analyzed customer transaction data to identify key churn drivers, including tenure, payment methods, and behaviour.
- Used Joins, aggregations, and filtering to generate insights and proper data-backed retention strategies.

Microsoft POWER BI Project, SWAMC
- Created a centralized dashboard solution to monitor integrated tool data, enabling rapid identification of discrepancies and improving overall data accuracy.

Senior VBA Automation Developer, Big Ticket2, High Ticket1 Green Belt Projects, UCMS Projects
- Spearheaded initiatives to automate advanced business activities, utilizing VBA to eliminate manual intervention in report finalization and email drafting. Providing KT to my Junior colleagues regarding Automation.

CERTIFICATIONS

Certification in Data Analytics
Illinois Institute of Technology (USA) | Entri Elevate (NSDC)
- Hands-on training in Excel, SQL, Python, and POWER BI with real-world datasets.
- Built KPI-driven dashboards, including Global Freelancer analysis using POWER BI and healthcare patient record analysis using Excel.
- Applied data cleaning, exploratory analysis (EDA), and data storytelling to support business decisions.

ITIL V4 Foundation (PeopleCert)
- ITIL v4 Framework, ITSM Tools (ServiceNow, BMC Remedy), Service Level Management (SLA), Incident & Problem Management, Continuous Improvement

Microsoft Power BI
- Power BI Desktop/Service, DAX, Power Query (M), Data Modeling (Star Schema), SQL, Power BI Copilot.
- Data Storytelling, Stakeholder Management, Requirement Gathering, and Analytical Problem Solving.

Core Python Programming
- Python 3.13, OOP, Exception Handling, File I/O, Data Structures (Starters: Lists, Dicts), Standard Library.

ISO/IEC 19770-5:2015
- ITAM/SAM Vocabulary, ISO 19770 Family Architecture, SWID Tag Fundamentals, and Standardized Process Alignment

EXIN SIAM Foundation
- Service Integration, Governance, Multi-Supplier Coordination, and Process Alignment.

XCEED Kaizen Training
- PDCA Cycle, 55 Methodology, Root Cause Analysis (RCA), and Value Stream Mapping (VSM).
- Proficient in eliminating the 8 wastes (Muda) and implementing rapid Kaizen Blitz events to drive immediate process efficiency

EDUCATION

Master of Computer Applications - 7.0 GPA, University of Madras 09/2024

Computer Applications Development - 7.0 GPA, Vysya College of Arts And Science 08/2021
