PROFILE

Aspiring Electronics and Communication Engineering student with a passion for software development and real-time embedded systems. Proficient in C, Java, Python, and MySQL with hands-on experience in Django and IoT-based data acquisition. Seeking an opportunity in a growth-driven organization to apply my programming skills, explore innovative technologies, and contribute meaningfully to impactful projects.

EDUCATION

B.TECH IN ECE
SASTRA Deemed University
2022 - 2026
Cgpa: 7.25

HSC
Banadurai Higher Secondary School
2021 - 2022
Percentage: 81.5

SSLC
Banadurai Higher Secondary School
2019 - 2020
Percentage: 85.4

TECHNICAL SKILLS

- Java
- Python
- MySQL
- C
- C++

TOOLS

- Matlab
- Django
- Arduino IDE

SOFT SKILLS

- Leadership
- Problemsolving
- Teamwork
- Critical Thinking

INTERNSHIP

BSNL,Thanjavur **2025**

Completed a one-week internship at BSNL, Thanjavur where I gained exposure to Telecom Fundamentals, Digital Communication, Optical Fiber Concepts, and Broadband Technology.

PROJECTS

AnesthesiaC ontrol System (IoT & ML):

- Developed a real-time anesthesia prediction system using ESP32, Sensors, ML, and Django.
- Designed a web interface for monitoring and automated dosage control.
- Improved safety by reducing manual errors with AI-based decisions.

LEADERSHIP

- Head of Organizing Committee, National Level Techno Fest 2025 & 2026
- Head of Promotion and Outreach Committee, National Level Techno Fest 2024

EXTRA CURRICULARS

- Organized a Workshop On FPGA in National Level Techno Fest,2024
- Organized two workshops in National Level Techno Fest, 2025 & 2026
