SRI THANGAMMAL P

Thanjavur, Tamilnadu-613104 +91 9360636932 srithangammalprabhu@gmail.com

***CAREER* OBJECTIVE**

Driven to transform agricultural engineering knowledge into efficient, sustainable solutions across food processing, irrigation, and landscape development, with a focus on resource optimization and practical innovation. Eager to contribute technical expertise, problem-solving abilities, and a continuous-learning mindset to real-world agricultural challenges while creating measurable value.

EDUCATION

B. Tech in Agricultural Engineering **2023–2027**

Dhanalakshmi Srinivasan University, Tiruchirappalli.

CGPA: 7.62/10

INTERNSHIPS

Bodhi Bonsai Nursery, Tiruchirappalli. **10 Days**

- Assisted in plant care, watering and nursery maintenance activities.
- Supported bonsai cultivation, pruning and routine plant management.
- Observed plant health, propagation, and nursery management practices while developing practical skills relevant to landscape maintenance, horticulture, and irrigation.

KMC Poultry & Dairy Farms, Karaikal . **15 Days**

- Assisted with routine poultry and dairy farm management activities.
- Supported daily livestock care, feeding and farm maintenance practices.
- Observed efficient use of water, feed, and farm resources while developing practical knowledge of farm operations, hygiene, and resource management.

Aavin Milk Producers Union, Salem. **7 Days**

- Gained practical exposure to milk collection, handling and processing operations.
- Observed quality control and hygiene practices in dairy processing.
- Learned about systematic plant operations and equipment handling while developing awareness of industrial safety and resource-efficient operations.

Kothari Sugar & Chemicals Ltd., Kattur. **7 Days**

- Gained practical exposure to sugar manufacturing and processing operations.
- Observed industrial equipment, process flow and plant operations.
- Learned about resource utilization and process efficiency while developing awareness of industrial safety and agricultural processing practices.

PROJECTS

Biodegradable Self-Regenerating Mulch Sheet. **March 2026**

- Developed a biodegradable mulch-sheet concept using agricultural waste and natural materials.
- Focused on soil-moisture conservation and weed suppression.
- Explored its potential to reduce plastic waste while applying sustainable practices for water conservation and environmentally friendly agricultural and management

Integrated Banana Conveyor & Smart Irrigation System. **Nov 2025**

- Designed an integrated banana handling system with soil-moisture-based irrigation.
- Applied irrigation and water-management principles to improve water-use efficiency.
- Focused on automated irrigation based on soil-moisture requirements, developing a concept for efficient irrigation and sustainable agricultural water management.

SKILLS

- **TECHNICAL SKILLS**
  • Irrigation System Design & Water Management • Food Processing & Post-Harvest Technology • Agricultural Machinery & Farm Mechanization • Soil & Water Conservation • Landscape Design & Horticulture • MS Office
- **SOFT SKILLS**
  • Problem-Solving • Analytical Thinking • Team Collaboration • Adaptability • Attention to Detail

AREAS OF INTEREST

- Food Processing. • Irrigation & Water Management. • Landscape Design. • Horticulture • Agricultural Machinery. • Sustainable Agriculture

Certifications & Training

Processing & Food Safety

- Processing of Chickpea Beverages, Powders and Fat-Substituted Products – NIFTEM-T **Sep 2026**
- National Webinar on Cereals, Pulses and Millets Processing Technology – NIFTEM-T. **Aug 2026**
- HACCP Essentials: A Practical Introduction to Food Safety and Hazard Control. **Jul 2026**

Modern Technology & Digital Applications

- Quantum Technologies for Underwater Robot Positioning, Navigation and Timing : Principles and Challenges And future Direction **Sep 2026**
- Precision Farming Technician. **Sep 2026**
- Digital Agriculture Extension Promoter. **Sep 2026**
- Satellite Data Analysis For Crop Management. **Sep 2026**
- Fundamentals of Remote Sensing – NASA ARSET **Aug 2026**
- Introduction to IoT – Simplilearn. **Aug 2026**
- Design Thinking for Beginners – Simplilearn **Aug 2026**

Water Management & Natural Resources

- Bioprocess Engineering and Food Waste Management **Sep 2026**
- Manager – Waste Management **Sep 2026**
- Introduction to Water Management – CABI Academy **July 2026**

Agricultural Machinery & Engineering

- Revolutionizing Farm Engine Design and Development **Nov 2024**
