GitHub | HackerRank | LeetCode | CodeForces

Summary

Aspiring Software Development Engineer with strong foundations in Java, Data Structures & Algorithms, and full-stack development. Solved 600+ LeetCode problems, demonstrating strong problem-solving and analytical skills. Built and deployed an AI-powered application that leverages Large Language Models for real-world automation. Passionate about developing scalable, high-quality software solutions and eager to contribute to innovative engineering teams.

Education

Sri Shanmugha College of Engineering and Technology

B.Tech in Information Technology

- CGPA (until 5th semester): 7.73

Navarasam Matric Hr Sec School

Higher Secondary Certificate (HSC)

- Percentage: 72%

Projects

Natural Language to SQL (NL2SQL) System

Built and deployed a full-stack NL2SQL application converting plain English queries into SQL using LLM-based query generation (Groq API, LLaMA 3.3 70B). Features voice input (Whisper Large V3), Excel/CSV upload, Google OAuth authentication, and query history. React/Vite frontend; FastAPI backend; Supabase PostgreSQL database. Deployed on Render (backend) and Vercel (frontend). Optimized bulk data ingestion using PostgreSQL COPY, significantly reducing Excel upload time; resolved Supabase Row-Level Security using service-role authentication for secure data access.

Technical Skills

Programming Languages: Java, C, C++, Python

Web Technologies: HTML, CSS, JavaScript, React.js, WordPress

Backend & Databases: FastAPI, PostgreSQL, Supabase

AI/ML Tools: Groq API (LLaMA 3.3 70B), Whisper Large V3

Concepts: Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA)

Tools & Platforms: Git, GitHub, Visual Studio Code, Supabase

Internship

Front End Developer Intern — StartNet Ventures Pvt. Ltd. 2025

Worked as a Front-End Intern developing responsive web interfaces using HTML, CSS, and JavaScript. Improved UI/UX, fixed bugs, and enhanced performance. Built and customized websites with WordPress and collaborated with developers to optimize front-end and backend functionality.

Certifications

Programming in Python - NPTEL

Artificial Intelligence - StudAI
