MOHAMMED YASAR R

Erode / mohammedyasar1925@gmail.com/+91-9843035272 / LinkedIn: Mohammed Yasar R

Summary

I am a Final-Year Electronics and Communication Engineering student with a strong interest in IoT, Embedded Systems, and Python programming. I enjoy working on practical projects and learning new technologies through hands-on experience. As part of my academic work, I developed an AI-based Non-Invasive Glucose Monitoring System using Raspberry Pi and multiple sensors for real-time health monitoring. I am eager to apply my technical skills, problem-solving ability, and passion for innovation to contribute to challenging engineering projects and grow as a professional.

Education

Sri Shanmugha College of Engineering and Technology

B.E Electronics and Communication Engineering — June 2026

CGPA (until 7th semester): 7.4

Location: Salem

ATM Higher Secondary School, HSC — June 2021- May 2022

Percentage: 74%

Technical Skills

Programming Languages: Altium (basics) , Ms office(Excel, word), Auto CAD, Python, Sensor Interfacing (I2C)

Personal Skills : Communication, Leadership, Quick Learner, Problem Solving, Analytical Thinking, Decision Making

Projects

AI-Based Non-Invasive Glucose Monitoring System Using Raspberry Pi

- Developed an AI-based Non-Invasive Glucose Monitoring System using Raspberry Pi 3 Model B.
- Integrated MAX30102, BMP280, and MPU6050 sensors for real-time physiological data acquisition.
- Implemented heart rate (BPM), temperature, and motion monitoring using Python and I2C communication.
- Designed a Flask-based web dashboard for real-time visualization of health parameters and sensor data.
- Developed a glucose estimation model using physiological signals and user profile information (age and gender).

Plant Watering System with Rain Detection

- Automatically water plants based on soil moisture levels.
- Monitor soil moisture and rain status using the Blynk app.
- Create a system that is easy to expand for multiple plants.
- Build a cost-effective and energy-efficient solution

Certifications

CIT College -Workshop

ELECT ERA 24 ,The participated in workshop entitled FUTURE INDUSTRY : 110T — 2024

Alison

DIPLOMA

Introduction to Embedded Systems Design / To verify : 3325- 44914866 — 2024

In Learning

Excel for Engineering Professionals — 2025

Python Quick Start — 2025

Hobbies

- learning new technology
- listening music
- Watching web series

Declaration

I hereby declare that all the above-mentioned information is true to the best of my knowledge and belief.
