Portfolio: s-boomika2004.github.io/Boomika_Portfolio

PROFESSIONAL SUMMARY

Data Scientist and Data Analyst (B.Com Computer Application, 8.0 CGPA) skilled in Python, R, SQL, Power BI, Excel and machine learning. Built 5 end-to-end data projects covering data cleaning, exploratory data analysis, feature engineering, predictive modeling (classification, regression, clustering), data visualization and interactive Power BI dashboards. Proven ability to turn raw data into KPI-focused business insights and build machine learning models into interactive web applications. Seeking a Data Scientist or Data Analyst role.

TECHNICAL SKILLS

Programming Languages: Python, R, SQL

Machine Learning: Machine Learning, Predictive Modeling, Predictive Analytics, Regression, Classification, Clustering, Logistic Regression, SVM, Decision Tree, PCA, Cross-Validation, Model Evaluation

Data Analysis: Data Analysis, Data Cleaning, Data Preprocessing, Data Wrangling, Exploratory Data Analysis (EDA), Missing Value Handling, Feature Engineering, Feature Encoding, Scaling

Data Visualization & BI: Power BI, Power Query, DAX, Microsoft Excel, Matplotlib, Seaborn, Data Visualization, Dashboard Development, Business Intelligence, KPI Tracking

Libraries & Frameworks: Pandas, Scikit-learn, Streamlit, Tkinter

Databases & Big Data: MySQL, MongoDB, Big Data

Tools: Google Colab, VS Code, Spyder, GitHub

PROJECTS

Universal Machine Learning Web Application | *Python*, *Streamlit*, *Scikit-learn*, *Matplotlib*, *Seaborn*
GitHub: github.com/S-Boomika2004/UniversalML-Studio

- Developed a Streamlit web application in Python where users upload CSV datasets and run 3 types of machine learning tasks: classification, regression and clustering.
- Automated data preprocessing (missing value handling, feature encoding, scaling) and evaluated multiple Scikit-learn models using 4 metrics: Accuracy, MSE, R-squared and Confusion Matrix, with Matplotlib and Seaborn visualizations.

Smart System for Predictive Data Models Using R | *R*, *Logistic Regression*, *SVM*, *Decision Tree*, *PCA*
GitHub: github.com/S-Boomika2004/Smart-System-for-Predictive-Data-Models-Using-R

- Built a loan prediction system in R and compared 3 machine learning algorithms: Logistic Regression, SVM and Decision Tree.
- Performed data preprocessing, feature engineering and PCA; validated models with cross-validation and accuracy metrics; generated visualizations and automated reports.

Amazon Sales Analysis Dashboard | *Power BI*, *Power Query*, *DAX*
GitHub: github.com/S-Boomika2004/Amazon-Sales-Dashboard-Power-BI-

- Built an interactive Power BI dashboard using Power Query and DAX to track sales KPIs including revenue, orders and product performance.
- Designed interactive charts and slicers to analyze sales trends across 3 dimensions: category, region and time, enabling data-driven business decisions.

Netflix Data Analysis Dashboard | *Power BI*, *Power Query*, *DAX*
GitHub: github.com/S-Boomika2004/Netflix-Data-Analysis-Dashboard-Power-BI-Project-

- Developed an interactive Power BI dashboard using Power Query and DAX to analyze Netflix content trends across 4 dimensions: genre, country, rating and release year.
- Created interactive charts, maps and slicers that deliver actionable insights into content distribution.

COVID-19 Tracker App | *Python*, *Tkinter*, *Pandas*, *Matplotlib*
GitHub: github.com/S-Boomika2004/CovidTrackerApp

- Developed a desktop COVID-19 tracker in Python, Tkinter and Pandas that displays country-wise statistics for 4 case categories: confirmed, active, recovered and deaths.
- Built interactive Matplotlib charts that let users upload datasets, select countries and analyze COVID-19 trends.

INTERNSHIP & TRAINING

Data Science Micro Degree Program | Imagecon India Pvt Ltd

- Completed 5+ hands-on projects with day-wise assessments and assignments in Python, Data Science, Machine Learning and SQL.

EDUCATION

Bachelor of Commerce with Computer Application | CGPA: 8.0 / 10 | 2022 – 2025
Paavai Arts and Science College for Women, Namakkal, Tamil Nadu, India (Periyar University)
