## PROFESSIONAL SUMMARY

Fresher Java Full Stack Developer with hands-on experience building REST APIs in Java and Spring Boot, backed by MySQL on the database side and React.js/Next.js on the front-end. Has shipped projects end-to-end – a full-stack outpass management system, a freelance e-commerce build, and internships covering front-end and full-stack development on live client work. Enjoys owning a feature from database schema through UI, and is looking for an entry-level Java Full Stack Developer role to grow within a product team.

## TECHNICAL SKILLS

**Backend:** Java, Spring Boot, RESTful API Development
**Database:** MySQL
**Front-End Development:** HTML5, CSS3, JavaScript, React.js, Next.js
**Tools & Platforms:** Git, GitHub, VS Code

## INTERNSHIPS

**Pargavan Cyber Solution – Front-End Developer Intern** *February 2026 – August 2026*

- Worked on a live client project end-to-end, shipping 5+ pages from Figma handoff to production React.js code alongside the core delivery team.
- Built 15+ responsive UI components for the client's product, fixing layout and rendering issues across mobile, tablet, and desktop.
- Handled 3+ rounds of client-requested revisions per feature, meeting real deployment timelines outside a classroom setting.

**Dev Tech Solution – Java Full Stack Intern** *October 2024 – November 2024*

- Built responsive React.js interfaces for 3 web applications, ensuring cross-browser and cross-device consistency.
- Integrated REST APIs into React.js front-end, improving data-fetching efficiency by 40% and enhancing UI responsiveness.
- Tested and debugged 10+ API endpoints using Postman, ensuring reliable data flow between front-end and backend services.
- Worked inside a cross-functional agile team, shipping 100% of assigned front-end features on schedule.

## PROJECTS

**Vimayam Dhotis – E-Commerce Website (Freelance)** *May 2026 – Aug 2026*

*Next.js, Tailwind CSS, UI/UX Design, Project Management*

- Acquired and managed a freelance client independently, pitching the proposal and closing the deal at **₹34,000**.
- Served as project manager, owning UI/UX design and front-end development in Next.js and Tailwind CSS across 3 core flows – product catalog, cart, and checkout.
- Led a 2-member development team, coordinating a collaborator on the Next.js/PostgreSQL backend, payment gateway integration, and VPS deployment.
- Handled client communication and delivery timelines across a 3-month engagement, hitting every deadline against all requirements.

**Outpass Management System** *May 2025 – July 2025*

*Java, Spring Boot, MySQL, REST API, React.js*

- Built an outpass system with a Spring Boot/Java backend and React.js front-end serving 2 user roles – students and admins – to submit, review, and track requests.
- Designed REST APIs and a MySQL schema for the request workflow, cutting manual processing time by 50% through automated status tracking.
- Built a role-based dashboard with 2 distinct views, surfacing request status across 4 stages for faster tracking.

## EDUCATION

**B.E. Computer Science and Engineering** (3 Years), Knowledge Institute of Technology, Salem — **CGPA: 7.2 (2026)**
**Diploma in Computer Engineering** (2 Years), Thiagarajar Polytechnic College, Salem — **91.4% (2022)**
**SSLC (X)**, Government Higher Secondary School, Salem — **74% (2018)**
**Higher Secondary (XII)**, Government Higher Secondary School, Salem — **50% (2020)**
