JOSIKA C

Electronics and Communication Engineering Student
Phone: +91 82487 25864 Email: cjosika5864@gmail.com
LinkedIn: linkedin.com/in/josika1202

Professional Summary

Motivated Electronics and Communication Engineering student with basic knowledge of VLSI and Verilog, along with hands-on experience in IoT and industrial systems through internships and academic projects. Interested in learning and contributing to real-world engineering applications.

Education

KSR Institute for Engineering and Technology **2023–2027**
B.E. Electronics and Communication Engineering **CGPA: 7.4**

Government Girls Higher Secondary School, Namakkal **2023**
Higher Secondary Certificate (HSC) – 71%

Municipal High School Fort, Namakkal **2021**
Secondary School Leaving Certificate (SSLC)

Technical Skills

Programming: HTML, CSS
VLSI: Verilog
Tools: MATLAB, Canva, EDA Playground

Internships

Sri Hari Machinery Manufactures **[Year]**

- Assisted in testing, troubleshooting, and preventive maintenance of industrial machinery.
- Worked with electrical control panels, wiring, and automation systems.
- Supported engineers in diagnosing machine faults and improving operational efficiency.

Xplore IT Corp Pvt. Ltd., Coimbatore **Feb 2024**

- Developed responsive web pages using HTML and CSS.
- Improved website usability through UI enhancements and debugging.
- Collaborated with team members to complete front-end development tasks.

Projects

IoT-Based Smart Parking System

- Developed an ESP32-based smart parking system for real-time parking slot monitoring.
- Integrated cloud connectivity to provide live parking availability updates.

Color-Based Product Sorting System

- Developed an automated sorting system using ESP32, TCS3200 color sensor, IR sensor, servo motor, and Blynk.
- Implemented real-time color detection and automated product segregation.

Certifications

- VLSI Level 1 – Taras Systems and Solutions
- VLSI Level 2 – Taras Systems and Solutions
- MATLAB – Completed Four Courses
- Entrepreneurship Workshop – Bannari Amman Institute of Technology

Achievements

- Presented a technical paper at the Government College of Engineering.
- ICT Academy – Learnathon 2024 (Completed 8 Courses).
