CAREER OBJECTIVE

Aspiring Full Stack Developer passionate about building efficient and user-friendly web applications. Eager to join a dynamic tech team to apply my training in Java, Spring Boot, SQL, and full-stack tools, and contribute meaningfully to product development. Strong problem-solving abilities, a quick learning mindset, and a commitment to writing clean, scalable, and maintainable code. Seeking opportunities to enhance my technical expertise while delivering innovative solutions that support organizational growth and success.

SKILLS

Programming Languages — Core Java, OOPs, Collections Framework, Multithreading, Exception Handling, SQL
Frontend Technologies — HTML, CSS, JavaScript, Bootstrap
Backend Technologies — Servlets, JSP, Spring Boot, REST APIs
Databases & Tools — MySQL, Git, Eclipse IDEA, VS Code, Postman

EDUCATION

BE, Electronics and Communication Engineering 2022 – 2026
AVS Engineering College Salem
CGPA: 8.83

PROJECTS

Hospital Management System 05/2026 – 06/2026
Tech Stack: Java, Core Java, Java Swing, OOP, Collections Framework, Exception Handling

- Developed a Java Swing-based Hospital Management System with role-based authentication for Admin, Doctor, and Patient modules, including appointment scheduling, prescription management, patient history, and billing.
- Implemented Core Java concepts and object-oriented design to create a user-friendly desktop application for efficient hospital operations.

Online Voting System 02/2026 – 03/2026
Tech Stack: Java, Spring Boot, Spring Data JPA, MySQL, HTML, CSS, JavaScript, Bootstrap

- Built a secure Online Voting System that enables voter registration, candidate management, election creation, and digital vote casting with an intuitive web interface.
- Implemented role-based access, duplicate-vote prevention, real-time vote counting, election result generation, and database validation using Spring Boot and MySQL.

INTERNSHIP

SQL Developer, *Besant Technologies* 12/2025 – 01/2026

- Performed data extraction and analysis using SQL, including joins, filtering, grouping, and aggregation techniques.
- Assisted in preparing accurate datasets and reports by writing efficient SQL queries and validating data quality.

Full Stack Developer, *CODTECH IT Solutions Pvt. Ltd.* 09/2025 – 10/2025

- Contributed to the development of web applications using Java, HTML, CSS, JavaScript, Bootstrap, and MySQL.
- Strengthened skills in front-end development, database operations, debugging, and responsive web design.
