SNEHA T

Data Analyst

snehatsumathi@gmail.com — +91 9626942212 — linkedin.com/in/sneha-thangaraj

Professional Summary

Data Analyst with 3+ years of experience in data validation, data quality management, ETL operations, and enterprise data support. Experienced in maintaining accurate and compliant data records, performing data reconciliation, root cause analysis, and quality assurance activities. Skilled in SQL, Excel, Power BI, Azure Data Factory, Databricks, and Python with a strong focus on data integrity, governance standards, operational excellence, and process improvement. Proven ability to manage high-volume data requests while ensuring accuracy, consistency, and SLA compliance.

Technical Skills

- **Data Engineering & Analytics:** SQL (Complex Joins, Stored Procedures, Query Optimization), ETL/ELT, Data Validation & QA, Data Transformation
- **Data Management & Quality:** Data Governance, Data Quality, Data Integrity, Data Reconciliation, Data Audits, Root Cause Analysis
- **Databases & Data Warehousing:** SQL Server, MySQL, Data Warehousing Concepts
- **Cloud Data Integration:** Azure Data Factory, Azure Data Lake, ETL Monitoring, Data Pipeline Operations
- **Data Visualization & BI:** Power BI, SSRS, Report Builder, Excel (Power Query, Pivot Tables, Data Analysis)
- **Programming & Automation:** Python (Pandas, NumPy), Workflow Automation
- **Enterprise Tools & Practices:** Agile, Git, VS Code, Jupyter Notebook, SLA Monitoring

Professional Experience

Data Processing Analyst — NielsenIQ *Apr 2025 – Present*

- Validate and maintain large-scale retail and customer-related datasets, performing accuracy, completeness, consistency, and business-rule checks across multiple data sources.
- Perform SQL-based data analysis, reconciliation, and root cause analysis to identify and resolve data inconsistencies and reporting issues.
- Monitor ETL workflows using Azure Data Factory and Databricks, ensuring timely execution and 99%+ SLA compliance.
- Develop and maintain Power BI dashboards and reports to visualize data-quality metrics, operational KPIs, and business insights for stakeholders.
- Collaborate with business and technical stakeholders to investigate data issues and implement corrective actions to improve data reliability.
- Support audit and governance activities by maintaining data-quality documentation, validation records, and operational reports.
- Identify recurring data issues and recommend process improvements that reduce reporting errors and improve operational efficiency.

Data Analyst — Kennedys IQ *Jun 2024 – Mar 2025*

- Managed and analyzed 5M+ enterprise records using SQL Server, performing data validation, reconciliation, and quality checks across multiple data sources.
- Developed and optimized SQL queries using complex joins, stored procedures, and query optimization techniques to support operational reporting and data analysis.
- Developed and maintained Power BI dashboards and reports using SQL Server data to deliver operational insights, KPI reporting, and interactive visualizations.
- Supported the development and maintenance of SSRS reports for business reporting and operational requirements.
- Performed data transformation and validation activities to ensure accuracy, consistency, and completeness of reporting datasets.
- Investigated data discrepancies through root cause analysis and collaborated with technical and business stakeholders to resolve data issues.

Human Resources Intern — WBN EVENTS *Aug 2023 – Feb 2024*

- Supported recruitment operations, maintained employee records, and prepared Excel-based reports for recruitment and HR tracking.
- Assisted with data entry, record maintenance, and documentation while ensuring accuracy and timely updates of HR information.

Certification

- Microsoft Certified – Azure Fundamentals (AZ-900)
- Generative AI & Prompt Engineering

Awards & Achievements

- Received **Thumbs Up – Best Performer of the Month** at **NielsenIQ** for exceptional performance and delivery excellence (Aug, Dec 2025 and Feb 2026).
- Led the **Inclusive Education Analytics Initiative (Geomentoy)**, delivering a data-driven solution for inclusive learning; recognized at **Toycathon, MSME Innovation Challenge, and Smart India Hackathon (SIH)**.
- Awarded **FAER Integra Scholar** and **SDG Hackathon Winner** for innovation in inclusive education analytics.

Education

B.Tech in Information Technology *2019 – 2023*

K.S. Rangasamy College of Technology, Tamil Nadu
