Professional Summary

Aspiring Python Full Stack Developer with knowledge of Python programming, Flask, REST APIs, MySQL, HTML, CSS, and JavaScript basics. Familiar with developing web applications, database operations, CRUD functionality, and backend development using Flask. Developed projects including a Smart Parking Management System, AI Study Planner, and Code Auto Reviewer. Strong problem-solving and communication skills with an interest in developing practical and user-friendly software applications.

Education

2023 – 2027 **B.E. Electronics and Communication Engineering – CGPA: 7.2**
Excel Engineering College, Anna University, Chennai

2023 **Class XII – 75%**
Sengunthar Higher Secondary School, State Board

2021 **Class X – Pass**
Sengunthar Higher Secondary School, State Board

Technical Skills

Programming	Python Programming
Frontend	HTML, CSS, JavaScript (Basics)
Database	MySQL
Framework	Flask (Basics)
API	REST API
Tools	MS Word, MS Excel

Projects

Smart Parking Management System *Python, Flask, MySQL*
- Developed a Flask-based web application to manage parking slots, vehicle details, bookings, and parking availability.
- Implemented CRUD operations, user authentication, and database integration using MySQL.

AI Study Planner *Python, Flask*
- Developed a web application to create personalized study plans based on subjects, deadlines, and available study time.
- Implemented user data management and study-plan generation using Flask and database integration.

Code Auto Reviewer *Python, Flask* – Mini Project
- Developed a web-based tool to analyze source code and provide basic error detection and improvement suggestions.
- Implemented code input handling and backend processing using Python Flask.

Internship

Enthutech Technology Solutions India Pvt. Ltd. *Coimbatore*
- Completed training on IoT using LoRaWAN Technology.
- Gained practical exposure to IoT concepts and LoRaWAN communication technology.

Certifications

Python Basics — Skill India
Ai for Beginners — HP

Soft Skills

Communication — Problem Solving — Time Management

Languages

Tamil — English
