ABOUT ME

Results-oriented Frontend Developer with **7 months** of professional experience in developing responsive web applications using **React.js, JavaScript, HTML5, CSS3, and Tailwind CSS**. Experienced in building reusable UI components, integrating **REST API**s, and creating user-friendly interfaces with a strong focus on performance, responsiveness, and cross-browser compatibility.

SKILLS

Frontend : HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap, Responsive Design
Backend & APIs : Node.js, Express.js, RESTful API Integration
Database : MongoDB (Basic), SQL (Basic)
Testing : Manual Testing, Functional Testing, Regression Testing, UI Testing, Bug Reporting & Validation
Tools & Version Control : GitHub, VS Code, Postman, Figma, Photoshop, Illustrator
Design Skills : UI/UX Design, Wireframing, Prototyping, Graphic Design, Branding Materials

PROFESSIONAL EXPERIENCE

Associate Frontend Developer

Cloute Technologies Pvt. Ltd., Bengaluru | Jan 2024 – Jul 2024

- **Developed responsive modular UI components** using React.js and Tailwind CSS for NGO, CRM, and HRMS platforms, boosting operational workflow efficiency.
- **Streamlined component architecture** by implementing reusable React hooks (useState, useEffect, useContext), reducing structural codebase maintenance needs.
- **Converted Figma UI/UX wireframes** into pixel-perfect web interfaces, accelerating browser rendering speed and minimizing cross-browser alignment variance.
- **Integrated RESTful APIs** to fetch and render dynamic real-time dataset metrics inside secure administrative dashboard panels, successfully decreasing system data lag.
- **Conducted cross-browser validation** across Chrome, Edge, and Firefox, resolving critical UI anomalies to secure absolute feature parity across mobile, tablet, and desktop viewports.
- **Managed collaborative version control trees** using Git and GitHub, conducting code reviews and sprint planning within Agile workflows to eliminate branch merge conflicts.

EDUCATION

- **Master of Computer Applications (MCA)** | Bharathiar University (Graduated 2024)
  Concurrent Certification: Part-Time Professional Certification in Robotics
- **Bachelor of Science in Information Technology (B.Sc IT)** | Bharathiar University (Graduated 2021)

PROJECTS

APD India NGO Website – Contribution Module

- **Engineered a secure donation tracking module** using React.js and Tailwind CSS, allowing seamless online contributor form submissions.
- **Established RESTful API channels** between front and backend layers to accurately process, save, and fetch confidential donor details from the database.
- **Designed an administrative dashboard** with advanced filtering and search tools, improving internal data accessibility for system records.

Real Estate CRM Dashboard

- **Architected a scalable CRM frontend solution** to accurately monitor client properties, incoming customer leads, and upcoming site schedules.
- **Integrated visual data tracking metrics** using Tailwind utility matrices, elevating active lead management speed.

HRMS Enterprise Dashboard

- Built a component-based HRMS platform featuring modular tables, profiles, and input sheets to systematically track internal corporate roles.
- Optimized virtual DOM tree updates, successfully mitigating redundant re-renders and reducing screen interaction latency.

Digital Library Management System

- **Created a lightweight web app** utilizing vanilla JavaScript, HTML5, and CSS3 to handle daily book records.
- **Implemented CRUD algorithms** via JavaScript DOM manipulations to modify, look up, or remove inventory logs instantly.

NewsHub – Real-Time News Aggregator

- **Developed a dynamic news aggregator application** using React.js and Tailwind CSS to fetch, filter, and deliver breaking news updates.
- **Integrated a third-party RESTful News API** with structural asynchronous error-handling to map live article feeds into UI layouts securely.
- **Built advanced category filtering, search bars, and pagination features** utilizing React hooks to manage real-time UI data updates without page refreshes.
- **Designed a fully responsive grid system** to render readable articles and images across desktop, tablet, and mobile platforms.

CERTIFICATIONS

- **Master in UI/UX Design** - Adoro Institute of Multimedia
- **MERN Stack Development Expert** - Besant Technologies
