SUMMARY

Computer Science and Engineering student at Excel Engineering College (Autonomous) with a strong foundation in Python, Java, Web Development, and software development concepts. Passionate about building practical solutions to real-world. I embrace challenges as opportunities to grow and believe in creating solutions that make a meaningful impact. Committed to continuous learning, I strive to contribute with creativity, adaptability, and a strong problem-solving mindset.

EDUCATION

Excel Engineering College – B.E. Computer Science and Engineering 2023- 2027

- CGPA: 7.6

Holy cross matric,hr,sec,school , HSC 2021 - 2022

- Percentage: 61 %

Holy cross matric,hr,sec,school, SSLC 2019 - 2020

- Pass

INTERNSHIP EXPERIENCE

Qmos Technology , Chennai

- Training on basic Ai embedded systems for building **IOT** applications.

Zynovtech Solutions , Coimbatore

- Developed and evaluated machine learning models using real-world datasets, Gained hands-on experience in python,data preprocessing and machine learning algorithms

TECH PROFICIENCY

Programming Languages: Python | **Web Technologies:** HTML, CSS | **Frameworks :** Angular, React |

Database: SQL | **Tools :** GitHub, VS Code, Figma, Canva, Adobe Premier pro, Blender

PROJECTS

HOMOS – Hospital Management System

- The system provides a centralized dashboard where patients can view doctor availability, estimated waiting times, and department-wise services, while doctors and administrators can manage appointments, operations, and daily hospital statistics.

ECHOTRACE – Digital Decision Timeline

- Designed and developed **EchoTrace,** a web application that helps users capture, organize, and revisit important life and career decisions through an interactive digital timeline.

SMART AGRI - AI Agricultural Assistant

- An AI –powered farming assistant designed to support farmers wit smarter crop management and decision-making

SCHEME – Government scheme finder portal

- Developed **SCHEME**, a web application that helps users discover government welfare schemes based on their eligibility and access relevant information through a simple, user-friendly interface.

CERTIFICATIONS & ACHIEVEMENTS

Web Development Fundamentals – L&T EduTech | **Deep Drive in HTML5 –** L&T EduTech

Internet of Things - NPTEL | **Foundations of Python by Google Career Certificates** - Cursa

Python certified - HackerRank | **Top 10 Teams in 24 hours Hackathon** – sathyabama Institutions , chennai
