PROFESSIONAL SUMMARY

Innovative Frontend and AI Developer skilled in Java, PHP, MySQL, and Python. Developed an AI-powered code genera on tool using GPT-2 with real- me inference and a Tkinter-based GUI. Built an Enterprise Appointment Management System and a modern real estate website featuring responsive UI/UX and smooth animations.

TECHNICAL SKILLS

Python | Java | C | PHP | JavaScript | HTML5 | CSS3 | MySQL

INTERNSHIP EXPERIENCE

[White and Box – Tech Products and Services] [Sep-2025] – [Oct-2025]

Full Stack Developer Intern • [Bangalore], India

- Developed responsive web pages using HTML, CSS, JavaScript and React.js, ensuring consistent performance across desktop and mobile devices.
- Integrated REST APIs with frontend components to enable dynamic data rendering and improve user interaction.
- Assisted in MySQL database design and query optimisation for backend data management.

PROJECTS

AI-Powered Railway Traffic Control & Scheduling System

Python, Streamlit, Pandas, NumPy, Plotly, Q-Learning, Reinforcement Learning

- Developed an AI-powered railway dispatch system that simulates train movements, detects platform and single-line track conflicts, and supports real-time decision-making.
- Implemented Q-learning for adaptive dispatch decisions such as train holding, speed adjustment, platform reassignment and priority modification.

Client Priority Appointment Management System

PHP, MySQL, HTML, CSS, JavaScript

- Developed a web-based enterprise appointment scheduling and client management system.
- Implemented priority-based scheduling, real-time availability tracking and automated conflict resolution to prevent double bookings.
- Integrated automated email/SMS notification workflows to reduce missed appointments.

EDUCATION

Mahendra Engineering College, Namakkal Nov 2022 – May 2026

B.Tech – Information Technology • CGPA: 8.2 / 10 • Honors Specialisation: Artificial Intelligence

Malco Vidyalaya Matriculation Higher Secondary School, Mettur 2020 – 2022

HSC (Class XII) • 70%

Malco Vidyalaya Matriculation Higher Secondary School, Mettur 2019 – 2020

SSLC (Class X) • 71%

CERTIFICATIONS & ACHIEVEMENTS

- **Honors Certification – Artificial Intelligence** Mahendra Engineering College.
- Participated in the **MulticoreWare Academia Global Innovation Centre (MAGIC) R&D Symposium, IIT Palakkad** — industry research exposure in AI and high-performance computing.
