## CAREER OBJECTIVE

Final-year BCA student and aspiring Full Stack Developer with hands-on experience in Python, Flask, React, JavaScript and MySQL. Completed a Data Analytics internship, built a full-stack scholarship management system as my main project and worked in a team to develop a student dashboard. Seeking an entry-level role where I can contribute to real products and keep growing as a developer.

## EDUCATION

**Bachelor of Computer Applications (BCA)** – Vysya College (Autonomous), Salem *2024 – 2027*
*Affiliated to Periyar University | CGPA: 8.0*

**Higher Secondary (Class XII)**
*Percentage: 70%*

**Secondary School (Class X)**
*Percentage: 70%*

## INTERNSHIP

**Data Analytics Intern** – LAX360 Pvt Ltd *May 2026 – Jun 2026*
*Sales & Customer Data Analysis using Python, MySQL and Advanced Excel*

- Analyzed sales and customer datasets with Python and MySQL to identify trends and buying patterns.
- Built data-cleaning and reporting workflows in Advanced Excel to produce business insights.
- Presented findings through summary reports and dashboards to support management decisions.

## PROJECTS

**Smart Scholarship Management System** *Main Project*

- Built a full-stack scholarship portal for Vysya College with Super Admin, College Management and Student dashboards.
- Implemented scholarship creation, eligibility matching, online applications with document upload, and approve / reject / correction workflows.
- Secured access with JWT authentication and Google Sign-In (OAuth).
- **Tech:** React, Python (Flask), MySQL, JWT, Google OAuth

**Student Dashboard** *Team Project*

- Developed a web dashboard where students can view their profile, attendance, marks and college announcements in one place.
- Built secure student login and a responsive interface that works on both desktop and mobile.
- Collaborated with team members on UI design, Flask APIs and MySQL database integration, using Git for version control.
- **Tech:** HTML, CSS, JavaScript, Python (Flask), MySQL

## TECHNICAL SKILLS

**Languages:** Python, JavaScript, SQL
**Web Development:** HTML, CSS, React, Flask, REST APIs
**Databases:** MySQL
**Tools:** Git, GitHub, Advanced Excel
