DARSHAN S

Aspiring Software Engineer | Java & Backend Developer

+91 70103 49351 | darshangayu1980@gmail.com | LinkedIn

Yes 2027

PROFESSIONAL SUMMARY

Computer Science undergraduate (CGPA 8.0) with hands-on internship experience in Java backend development, data analytics, and full-stack projects. Skilled in OOP, REST API development, and fast adoption of new tools. Seeking an entry-level Software Engineer or Java/Backend Developer role.

EDUCATION

B.E. Computer Science and Engineering *2023 – Present*
Current CGPA: 8.0

Higher Secondary (12th) *2022 – 2023*
Percentage: 75%

Secondary School (10th) *2020 – 2021*

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, TypeScript, HTML5, CSS3
Frameworks & Libraries: FastAPI, REST APIs, OpenCV, TensorFlow, Node.js
Databases: MySQL
Tools & Platforms: Git, GitHub, Figma, Canva, MS Excel, MS PowerPoint, Video Editing
Core Competencies: Data Structures, OOP, Design Thinking, Problem Solving
Soft Skills: Communication, Team Collaboration, Time Management, Adaptability

INTERNSHIP EXPERIENCE

Backend Developer Intern — GK Digital Hut *Feb 2025 – Aug 2025*

- Collaborated with the founding team of an early-stage startup to design, build, and maintain backend components for real-time applications.
- Delivered features under fast-changing requirements, adapting quickly in a lean startup environment.

Data Analytics Intern — Oneyes Infotech Solutions *Jul 2025*

- Applied core data analytics concepts to a real-time project, turning raw data into actionable insights.
- Built an AI-powered PDF generator as a key project deliverable.

Java Developer Intern — Rejola IT Services *Jun 2024*

- Applied Java fundamentals and OOP principles to build real-time applications.
- Strengthened backend development skills through structured, hands-on project work.

PROJECTS

Neuro-Bridge Learning System
Python, OpenCV, TensorFlow, FastAPI, REST API, HTML/CSS/JavaScript

- Built an AI- and IoT-enabled accessibility platform helping visually and hearing-impaired students communicate and learn via speech recognition, text-to-speech, and sign-language recognition.
- Implemented computer vision features using OpenCV for accessibility-focused interactions.
- Awarded Best Mini Project at the department level.

ACHIEVEMENTS

- Won 2nd Prize at an Ideathon hosted by Kongu Engineering College (KEC), Erode, for an innovative idea pitch.
- Coordinated the SYPO event end-to-end, demonstrating planning, teamwork, and event management skills.
