PROFESSIONAL SUMMARY

Computer Science Engineering graduate with strong knowledge of Python, SQL, Java, MySQL and ETL concepts. Passionate about Data Engineering, database optimization and building scalable data pipelines. Skilled in data cleaning, SQL query optimization, Power BI visualization and problem solving. Strong analytical and problem-solving skills with a willingness to learn modern data technologies.

INTERNSHIP

Software Development Intern Jul 2024 – Aug 2024

Emglitz Technologies

- Developed Java applications integrated with MySQL.
- Wrote SQL queries for data retrieval and reporting.
- Designed relational database tables.
- Performed application testing and data validation.

PROJECTS

Sales Data ETL Pipeline *Python, MySQL, Pandas, Power BI*

- Designed and implemented an end-to-end ETL pipeline to process large sales datasets.
- Extracted, transformed and loaded sales data using Python and MySQL.
- Cleaned and processed datasets using Pandas by handling missing values and duplicates.
- Wrote optimized SQL queries to generate business reports and improve performance.
- Built interactive Power BI dashboards to visualize sales trends, revenue growth and regional performance.
- Improved data quality through validation, preprocessing and automated data cleaning.
- Used Git for version control and project management.

Customer Data Analytics Pipeline *Python, SQL, Excel*

- Built a data pipeline to process and analyze customer transaction datasets.
- Performed data extraction, transformation and aggregation using Python and SQL.
- Cleaned large datasets using Pandas and generated meaningful business insights.
- Created automated reports to identify customer purchasing behavior and sales performance.
- Applied SQL optimization techniques to reduce query execution time and improve reporting efficiency.

TECHNICAL SKILLS

Programming Languages	:	Python, SQL, Java
Databases	:	MySQL
Data Engineering	:	ETL, Data Cleaning, Data Transformation
Visualization Tools	:	Power BI, Excel
Tools	:	Git, VS Code
Core Subjects	:	DBMS, Data Structures, OOP

EDUCATION

B.E. Computer Science and Engineering 2021 – 2025

University College of Engineering, BIT Campus

CGPA: 8.0

Higher Secondary (HSC) 88%

SSLC 88%

CERTIFICATIONS

- Python Programming
- SQL Fundamentals
- Data Analytics Basics

LANGUAGES

- Tamil (Native)
- English (Professional)
