DEEKSHA PRAKASH

Dharmapuri, Tamil Nadu | 9047041853 | deeksha.spd2004@gmail.com

PROFILE SUMMARY

Electrical and Electronics Engineering graduate (B.E, 2026) from Coimbatore Institute of Technology. Currently upskilling in Design and Verification to deepen semiconductor design and testing knowledge. A quick learner with strong analytical and problem-solving ability, attention to detail, and a positive, team-oriented approach, eager to contribute to semiconductor production test operations.

EDUCATION

B.E, Electrical and Electronics Engineering — Coimbatore Institute of Technology, Coimbatore *2022 – 2026*
CGPA: 7.67

Senior Secondary (Class XII) — Senthil Public School, Dharmapuri *2021 – 2022*
Percentage: 77%

Secondary (Class X) — Senthil Public School, Dharmapuri *2019 – 2020*
Percentage: 86%

CURRENT CERTIFICATION / TRAINING

Design and Verification — Maven Silicon, Bangalore *June 3, 2026 – Present (Ongoing)*

- Pursuing specialized training in Design and Verification to strengthen core digital electronics and semiconductor design concepts.

PROFESSIONAL EXPERIENCE

Enthu Technology Solutions, Coimbatore *January 2025*

- Learnt about communication protocols such as UART, SPI, and I2C for device communication.

NLC India Limited, Neyveli *July 2024*

- Underwent internship training on "A Study of Overall Electrical System in TPS-1 Expansion."

AREA OF INTEREST

- Digital Electronics

PROJECTS

Mini Project: High-Efficiency Single-Input Multiple-Output DC-DC Converter for EV Auxiliary Power Modules *Completed*

- Designed and implemented a single-input multiple-output DC-DC converter to power multiple auxiliary loads in an EV from one input source.
- Focused on improving overall conversion efficiency while reducing component count and system complexity.

Capstone Project: Wireless Power Transfer Using Inductive Coupling *Completed*

- Built a wireless power transfer system based on inductive coupling principles.
- Studied coil design, coupling efficiency, and power transfer characteristics across varying air gaps.

CERTIFICATIONS

- Published project paper at an IEEE International Conference, 2026
- Python for Beginners — Datalytics Club, CIT
- Special Mention for presentation at Ideathon-2K23 on "E-Waste Using Magnetic Cycle"
- AI For All — Government of India, in partnership with Intel
