M. KARTHIKA, B.E.

Electronics and Communication Engineering Graduate

Erode, Tamil Nadu | 78451 83992 | karthikasanthosam73@gmail.com | linkedin.com/in/karthikamurugan

PROFESSIONAL SUMMARY

Enthusiastic Electronics and Communication Engineering graduate with a strong foundation in IoT, embedded systems, Python, and web development. Experienced in academic projects involving sensor integration, AI-based applications, and real-world problem solving. Quick learner with strong teamwork, communication, and problem-solving skills, seeking an entry-level opportunity to apply technical knowledge in a professional environment.

EDUCATION

Degree / Institution	University / Board	Year / Result
B.E. – Electronics & Communication Engineering M.P. Nachimuthu M. Jaganathan Engineering College, Chennimalai	Anna University	2026 CGPA: 8.05 (Up to 7th Semester)
Higher Secondary – Government Higher Secondary School, Arachalur	State Board	2022 52.8%
Secondary – Kasturba Gramam High School, Kasturba Gramam	State Board	2020 69.4%

TECHNICAL SKILLS

- Python (Basics), Java (Basics)
- IoT, sensor interfacing, microcontrollers, MEMS sensor concepts
- HTML, CSS, JavaScript (Beginner Level)

ACADEMIC / FINAL-YEAR PROJECT

AI-Driven ICU Patient Posture Detection System Using MEMS Sensor

- Developing a sensor-based system to detect and monitor ICU patient posture using MEMS technology and AI-assisted analysis.
- Aims to identify posture changes in real time and support caregivers in reducing posture-related risks through timely alerts and monitoring.

MINI PROJECTS

- Smart Water Level Monitoring System (IoT-Based) – Designed a system to monitor water levels using sensors and remote/cloud-based monitoring.
- AI Resume Scanner and Ranker – Developed a concept to analyze resumes using keywords, skills, and job requirements for candidate matching.
- Basic Portfolio Website – Created a simple personal website using HTML, CSS, and JavaScript.

INTERNSHIPS & CERTIFICATIONS

- IoT Internship – Sensor integration and cloud computing, Coimbatore (Aug 2024).
- Web Development Internship – Basic web application development, Erode (Jan–Feb 2025).
- Full Stack Development Internship – Basic web application development, Erode (July 2025).
- Naan Mudhalvan Program – Tamil Nadu Government Initiative.

ACHIEVEMENTS & ACTIVITIES

- Won prizes in school-level Kho-Kho and singing competitions.
- Received prizes in school-level essay competitions.

AREAS OF INTEREST & LANGUAGES

Areas of Interest: Internet of Things (IoT), Embedded Systems, Web Development, Full Stack Development

Languages: Tamil, English, Telugu
