ABOUT ME

B.Sc Computer Science student with a strong academic record and practical exposure to Full Stack Development with Python. Skilled in Python, Java, C++, HTML, CSS and JavaScript, with a strong interest in software development and web technologies. Completed a Full Stack with Python internship and developed practical programming and application-development skills. A quick learner with good communication, teamwork and problem-solving abilities.

EDUCATION

B.Sc Computer Science – VET Institute of Arts and Science 2024 – Present

- Academic achievement: Secured 2nd and 3rd ranks; approximately 90% academic performance.

Higher Secondary (HSC) 2023 – 2024

Kongu Vellalar Higher Secondary School

- Percentage: 79%

Secondary School (SSLC) 2021 – 2022

Kongu Vellalar Higher Secondary School

- Percentage: 90%

PROFESSIONAL EXPERIENCE

Full Stack with Python Intern – ETS Academy, Erode 01.06.2026 – 16.06.2026

- Gained practical exposure to Python-based full stack development and web application concepts.
- Worked with front-end and back-end development fundamentals through hands-on practice.
- Developed a strong understanding of software development life cycle and best coding practices.
- Improved programming, debugging and problem-solving skills through practical tasks.

TECHNICAL SKILLS

Programming	:	Python | Java | C++
Web Technologies	:	HTML | CSS | JavaScript
Development	:	Full Stack Development with Python
Other Skills	:	Git | Basic Database Concepts | Problem Solving

PROJECT

Assignment Test Portal – Placement Training Platform

- Developed a web-based Assignment Test Portal for placement training to help students practice and evaluate themselves.
- Students can login using vetias.ac.in credentials and sign in to start the test.
- The portal displays multiple choice questions with options for each question.
- Once the test is completed, the system evaluates the answers and displays the total score in a bar graph.
- After submission, students can view the correct answers for all questions.
- Backend database is connected to store student details, questions, options, responses and results securely.

CERTIFICATIONS & ACHIEVEMENTS

- Full Stack with Python Internship – ETS Academy
- Oracle Certified
- Introduction to MongoDB for Students
- Web Development Fundamentals – Infosys Springboard / IBM SkillsBuild
- Introduction to Artificial Intelligence – Infosys Springboard
- Python Certification – MSME

LEADERSHIP & ACTIVITIES

- Secretary – TamilIM Club / Valar Tamil Mantram (one-year term).
  Participated in academic presentations, group discussions and technical activities.
