PROFILE SUMMARY

Final-year B.E. Electronics and Communication Engineering student with a strong foundation in Java, Python, SQL, backend application development, and database technologies. Hands-on experience in developing software and IoT-based applications, with practical exposure to Cloud Computing and Microsoft Azure. Interested in AI-driven and data-oriented software solutions, with strong problem-solving, analytical thinking, and continuous learning abilities.

EXPERIENCE

cloud computing intern **Innoknowvex | oct(2025)-jan(2026)**

- Learned cloud platforms and modern application development practices.
- Created and managed virtual Machines (VM).
- Used Visual Studio Code for development.
- Used Git Hub for version control and project management.

EDUCATION

Bachelor of Electronics and Communication Engineering

Sri Shanmugha College of Engineering and Technology, Salem Tamilnadu, India CGPA 8.8 (up to sixth semester) – Ongoing

Senior High School

Senthil Matric Hr Sec School, Dharmapuri, Tamilnadu, India,Percentage 90% – Passed 2023

High School

Senthil Matric Hr Sec School, Dharmapuri, Tamilnadu, India,Percentage 97% – Passed 2021

PROJECTS

AI Hospital Management System

Technologies: Java, Spring Boot, REST APIs, MySQL

- Developing a Java-based hospital management system to streamline patient admission, discharge, treatment, and diagnostic workflows.
- Building REST APIs and database integration using Spring Boot and MySQL for efficient healthcare data management.
- Exploring AI-driven automation to improve hospital workflow efficiency and decision-making.

IOT based Smart Energy Management System

Technologies: ESP32, IoT, MQTT, Cloud Computing
Developed an IoT-based smart energy monitoring system using ESP32 and sensors to track real-time power consumption. Integrated MQTT-based cloud connectivity for remote monitoring, data acquisition, and energy usage analysis, enhancing system efficiency and reliability.

BookSky – Book Management Application

Technologies: HTML, CSS, JavaScript
Developed a responsive book management application with CRUD functionality using JavaScript. Implemented DOM manipulation, event handling, and client-side validation to deliver an interactive and user-friendly experience.

React Web Application

Technologies: React.js, Node.js, JavaScript
Built a component-based React application with reusable components and REST API integration for dynamic data rendering. Implemented state management, responsive design, and version control using Git/GitHub to improve application performance and maintainability.

SKILLS

Java, Python, SQL, JavaScript, HTML5, CSS3, React.js, Node.js, MySQL, OOP, DSA, DBMS, REST APIs, API Integration, CRUD Operations, Software Testing, Manual Testing, Functional Testing, Smoke Testing, Regression Testing, Test Case Design, Bug Reporting, API Testing (Basic), STLC, SDLC, Agile Methodology, Cloud Computing, Microsoft Azure, IoT, Git, GitHub, IntelliJ IDEA, Eclipse, Visual Studio Code, MySQL Workbench, Attention to Detail, Problem Solving, Analytical Thinking, Critical Thinking, Communication Skills, Team Collaboration, Adaptability, Time Management, Quick Learning, Continuous Learning.

CERTIFICATIONS

- NPTEL Programming in Java – Elite Silver, 79%
- Technical paper presentations/project expos
- MSME Hackathon
- IEEE technical webinars

IMPLANT TRAINING

7-Day Technical Training – BSNL, Salem District
Gained practical exposure to Telecommunication Networks, Optical Fiber Communication, Mobile Communication Systems, Network Infrastructure, Broadband Technologies, Switching Systems, Communication Protocols, and Emerging Networking Technologies, strengthening analytical, technical, and troubleshooting skills.

CAREER INTEREST

Interested in Software Development, Backend Engineering, Cloud Computing, AI-driven applications, and data-oriented solutions. Passionate about building efficient and scalable applications while continuously improving programming and problem-solving skills.

DECLARATION

I declare that the details provided in this resume are genuine and accurate to the best of my knowledge and I take full responsibility for their authenticity.
