CAREER OBJECTIVE

Motivated Computer Science graduate with knowledge of Python, MySQL, and Cryptography, seeking an entry-level position to apply my technical skills and gain practical experience. Eager to learn new technologies and contribute effectively to the growth of the organization.

EDUCATION

B.E CSE -(Cyber Security), *Muthayammal Engineering College* 2027
University: Autonomous
CGPA: 8.01

HSC, *Little Angel HR. Secondary* 2023
Board: State board
Percentage: 63.3

SSLC, *Saraswathi Matriculation School* 2021
Board: State board

ACADEMIC PROJECT

Inventory management system
Technologies: Python and MySQL

- Built an Inventory Management System using Python and MySQL with features to manage product and stock details.
- Implemented features to add, update, delete, and search product records.
- Designed a MySQL database to store and retrieve product and stock information securely.
- Improved inventory tracking by providing an organized and user-friendly system for managing product details.

INTERNSHIP

Web development

- Developed responsive and user-friendly web pages using HTML5 and CSS3, following structured and maintainable front-end development practices.
- Utilized CSS Flexbox and Grid to create responsive layouts, navigation menus, and web forms across different screen sizes.
- Tested and debugged web pages to improve functionality, responsiveness, usability, and user experience.

WORKSHOP

- Participated in a Workshop "Robotic Process Automation" at K.S.Rangasamy College of Technology College of Technology.
- Participated in a Workshop "Cyber 360 Mastering Digital Protection " at Karpagam College of Engineering.

TECHNICAL SKILL

Technical skills
Python, MySQL, Html, css, javascript (basic)

Professional Skills
Communication, Problem Solving, MS Excel

NPTEL

Distributed systems*NPTEL*

CERTIFICATIONS

- Earned certification from Edunet Foundation course on Green Skills for Future (AI).
- Earned Salesforce CRM Platform certification.
