KIRUBAKARAN M

ComputerScienceEngineer | PythonDeveloper | Fresher

kirubajana56@gmail.com | 8925105773 | Sankari, Salem – 637301, Tamil Nadu, India

PROFESSIONAL SUMMARY

Computer Science Engineering student with hands-on experience in Python development through an internship. Skilled in building and testing software applications using Python libraries such as Pandas, NumPy, and Flask. Completed two team-based projects involving real-world problem solving. Eager to contribute technical skills and grow within a professional software development environment.

TECHNICAL SKILLS

- Python (Pandas, NumPy, Flask)
- C Programming
- HTML
- JavaScript (Certified – GUVI)
- Full Stack with Python (Certified – GUVI)
- Introduction to Cloud Computing (Certified – IBM)
- MS Office, MS Excel

EDUCATION

Bachelor of Engineering–ComputerScienceandEngineering

RVS College of Engineering and Technology, Dindigul | 2023 – 2026

- CGPA: 8.3

Diploma – Electrical and Communication Engineering

Excel Polytechnic College, Komarapalayam | 2019 – 2022

- CGPA: 8.2

SSLC (Class 10)

High School, Salem | 2018 – 2019

- Score: 64%

INTERNSHIP

Python Developer Intern

Gateway Software Solution (via Inventive Institute of Technology)

- Gained practical experience developing, testing, and debugging Python applications.
- Worked with Python libraries including Pandas, NumPy, and Flask.
- Received a certificate of completion upon finishing the program.

PROJECTS

Traffic Congestion Reduction System – Vehicular Ad-Hoc Network

Role: Developer | Team Size: 4 | Duration: 6 Months

- Studied causes of road accidents and suggested corrective actions at high-risk locations.
- Evaluated existing road designs and calculated the financial impact of accidents.
- Developed a proposal to support traffic engineers in improving road safety.

Online Complaint Registration and Management – Android Application
Role: Developer | Team Size: 4 | Duration: 1 Year

- Built an Android app that allows users to register and track civic complaints online.
- Integrated real-time Google Maps to help identify complaint locations.
- Added a feedback system so users can view the status of resolved complaints.
- Promoted social awareness by making public issue reporting easy and accessible.

CERTIFICATIONS

- JavaScript – GUVI
- Full Stack with Python Programming – GUVI
- Introduction to Cloud Computing – IBM
- Nirmal Thiruvizha Hackathon (State Level) – Participation Certificate
- English Typewriting – Government of Tamil Nadu, Directorate of Technical Education (Second Class)
- JRC Program Volunteer – Certified

ACHIEVEMENTS

- Qualified in a state-level hackathon (Nirmal Thiruvizha), demonstrating problem-solving skills under competition conditions.
- Earned a Government of Tamil Nadu typewriting certificate in English with second class standing.

KEY STRENGTHS

- Self-motivated and able to work independently with minimal supervision.
- Strong work ethic with a focus on quality and completing tasks on time.
- Effective team player with good listening and communication skills.
- Creative thinker who enjoys finding practical solutions to real-world problems.
- Patient and customer-focused, comfortable working in service-oriented roles.

LANGUAGES

- Tamil – Native
- English – Proficient (spoken and written)
