# HARSHAR A.T

**Data Analyst | Python, SQL & Data Visualization**

harsharamutha@gmail.com | GitHub | Portfolio | LinkedIn

## PROFESSIONAL SUMMARY

Final-year B.Tech student in Artificial Intelligence & Data Science with hands-on experience in data analysis, data cleaning, visualization, and dashboard development using Python, Pandas, SQL, and machine learning. Developed a government-recognized Crime Analysis Management Dashboard for the Tamil Nadu Police, supporting crime pattern analysis, resource optimization, and faster decision-making. Skilled in SQL, Web API integration, Git/GitHub, and data-driven problem solving.

## TECHNICAL SKILLS

**Programming Languages:** Python, SQL, JavaScript, TypeScript
**Data Analysis:** Python, Pandas, Data Cleaning, Data Analysis, Statistics Fundamentals
**Databases:** MySQL, PostgreSQL
**Reporting & Visualization:** Dashboard Development, Data Visualization, Web API Integration, Postman
**Version Control:** Git, GitHub, GitHub Actions, Branching Strategies, Code Reviews
**Cloud & Tools:** Linux, SSH, Docker, AWS Fundamentals (NPTEL), Kubernetes (Learning)
**Additional Technologies:** Node.js, Express.js, React, React Native

## PROFESSIONAL EXPERIENCE

**Full Stack Developer Intern — Veerana R&D Innovation** Jan 2026 – Aug 2026
- Built React Native applications with API integration and automated CI/CD using GitHub Actions.

**Full Stack Developer — Alpha AI (DrGodly)** Aug 2026 – Dec 2026
- Developed a full-stack healthcare platform connecting patients and doctors with API and database integration.

**Data Analyst — TASC** Jun 2023 – Dec 2024
- Worked on threat assessment and security constraints, analyzing data to identify risks, patterns, and insights.

## PROJECTS

**Crime Analysis Management Dashboard — Tamil Nadu Police, Namakkal District (Government Recognized)**
- Built a Python/Pandas dashboard for crime analysis, trend detection, resource optimization, and faster incident response.

**AI Universal IoT Multi-Connection Control Platform**
- Developed a centralized IoT platform for multi-device connectivity, unified management, and automated CI/CD.

**DeployNest — Deployment Automation Platform**
- Built a deployment platform integrating GitHub repositories with automated build and deployment workflows.

## EDUCATION

**B.Tech — Artificial Intelligence & Data Science** 2023 – Present
Sengunthar Engineering College

## CERTIFICATIONS & AWARDS

- Certificate of Appreciation — Tamil Nadu Police, Namakkal District (Jul 2025), for the Crime Analysis Management Dashboard
- Cloud Computing — NPTEL, 12-week course, Jan 2025
- Python: Hero to Zero, Data Analytics using Pandas, Machine Learning 101, Git Certification, AWS Foundation, MySQL — HCL GUVI
- Troubleshooting and Debugging Techniques Certification — Google
