## CAREER OBJECTIVE

To secure an entry-level role at a leading technology organization, where I can apply my academic foundation in embedded systems, and data analytics. Eager to contribute to innovative projects, enhance my technical skills, and add value to a collaborative team environment.

## PROFESSIONAL SUMMARY

Electronics and Communication Engineering graduate with hands-on experience in hardware-software integration, embedded systems, and data analytics. Proven leadership as Student President, combining technical adaptability, and structured problem-solving to drive real-world operational solutions

## EDUCATION

**Annapoorana Engineering College**, Salem, Tamil Nadu **2023 – 2027**

Bachelor of Engineering in Electronics and Communication Engineering

*Current Status: Undergraduate Student*

**JKKN Matriculation Higher Secondary School**, Namakkal **2023**

Higher Secondary Education

*Percentage: 74.5%*

## TECHNICAL SKILLS

- **Programming Languages:** Python, C
- **Hardware & IoT:** 8086 & 8051 Microprocessors, ESP32, Arduino
- **Software & Data Tools:** Microsoft Power BI.
- **Core Competencies:** Data Visualization, Industrial Automation, Wireless Protocols.

## EXPERIENCE & INTERNSHIPS

**NLC India Limited** **Industrial Intern (15 Days)**

- Completed an intensive technical internship focusing on the integration of SCADA (WinCC) systems and real-time data acquisition.
- Analyzed wireless communication protocols and network architectures deployed in challenging industrial mining environments.

## PROJECTS

**Autonomous Agricultural Weeder**

- Developed a small-scale unmanned robotic rover designed to automate the agricultural weeding process, significantly reducing manual labor and optimizing efficiency.
- Programmed and integrated hardware components using embedded logic to precisely control movement and operational mechanisms in uneven terrains.
- Showcased the fully functional prototype at the Inter-College Project Expo in Coimbatore, demonstrating strong system integration and hardware troubleshooting skills.

## LEADERSHIP & POSITIONS OF RESPONSIBILITY

- **Student President (Department of ECE):** Currently serving as the elected President for the Electronics and Communication Engineering department. Responsible for representing student interests, coordinating departmental events, and acting as a liaison between students and faculty.
- **Member, Science & Innovation Club:** Active contributor to the college's innovation ecosystem, participating in technical brainstorming and project execution.
- **Event Coordinator (Engineers Day Mini-Hackathon):** Spearheaded the planning, coordination, and execution of a mini-hackathon conducted by the Science and Innovation Club on Engineers Day, successfully managing team registrations and event logistics.
- **Industrial Visit Coordinator:** Organized and executed an outstation industrial visit for 50 students and faculty, liaising with premier industrial facilities and managing travel logistics, scheduling, and official compliance.

## ACHIEVEMENTS

- **Global Certification:** Earned the **Microsoft Power BI Data Analyst Associate** certification (B Grade), validating expertise in data modeling and business dashboards.
- **Hackathon Winner:** Secured **4th Position** in a competitive technical hackathon at Mahendra College of Engineering, demonstrating rapid problem-solving under pressure.
- **Technical Presentation:** Presented engineering projects to industry evaluation panels, including senior representatives from HCL.

## DECLARATION

I hereby declare that all the information furnished above is true and correct to the best of my knowledge and belief.
